Summary of Documents and Actions Requested by:

Wendy Cooke

**Request for any and all documents pertaining to:
Documents requested:**

1. What method or methods were used to measure the tank each time there has been a measurement taken by USDA, APHIS, Miami Seaquarium or any independent contractors hired to perform the measurements?
2. Who performed the actual measurements each time there has been a measurement taken? When?
3. What prompted the USDA, APHIS to re-measure the tank in 1995?
4. What were the findings regarding any/all tank measurements, if any?
5. Any actual physical evidence of the tank measurements which will satisfy my questioning that the tank size is not 60 x 80 feet as APHIS claims.

Actions requested:

1. Publically re-measure Lolita's tank.
2. Provide the public with actual physical evidence that Lolita's tank is legally sized to meet the minimum requirements of Section 3.104(1)(i) of the AWA.
3. Provide me a copy of the documents regarding the new measurement with the physical evidence when the above action is taken.
4. If the USDA or APHIS declines to conduct a re-measurement, providing the public physical evidence, I then request the reason for the decline in writing.
