To whom it may concern:

Under the Freedom of Information Act, we request the following documents from the USDA – APHIS office in Nogales, Arizona:

(1) The originals of all packing lists, phytosanitary certificates, and CITES documents related to legal imports made in calendar years 2009-2010 under permits P37-06-00014 and P355-10-00359. We requested these documents, which are our property and our only documentation that indicates we attained legal importation of plants, from this office, but we have not received it.

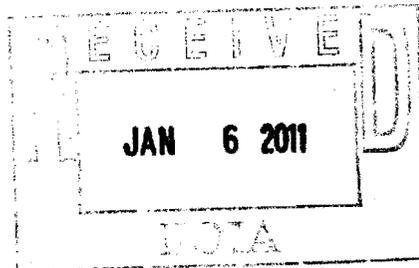

(2) Copies of all notices of confiscation or other notes related to imports under the above-mentioned permits for calendar years 2009-2010. We request annotation to specific references in the regulations that justified these import confiscations. We do not want copies of the regulations; we just want to know the reference so that we can look it up on-line.
