JUL 08 2010

Time Period (for requested records)
06/01/2001 06/01/2010

Description of Information you are Requesting:

Outlines of Production filed for dog skin melanoma plasmid DNA vaccine that has been conditionally approved by USDA. Please provide all available information about plasmid DNA manufacturing/purification/preparation process and materials involved in production. Describe fully and show each step of preparation from harvest of cells containing plasmid DNA or production cultures to the completion of the Animal and Plant Health Inspection Service, USDA § 114.9 finished product in final containers. In describing the preparation of the product, emphasize the following: the methods or procedures being used in the preparation/manufacturing/purification of plasmid DNA vaccine. If this product and its Outline contain FFM components, please provide all FFM Outlines in the manufacturing chain and the names of FFM manufacturers. If the Outline for this product has citations of Special Outlines, please provide all Special Outlines. To our best knowledge the dog melanoma DNA vaccine was developed by Memorial Sloan-Kettering Cancer Center (MSKCC) in collaboration with Merial Ltd., and was conditionally approved by the USDA in 2007.

You MUST agree to pay applicable fees in order to process your FOIA request. Fees are charged in the amount of \$25.00 or more. A letter will be sent to you stating the exact amount of your fee.

Yes I agree to pay all applicable fees for this request.
