Description of Information you are Requesting:

I am investigating building a new animal import and export handling and inspection facility at Kennedy Airport in NYC. I am requesting animal census information on species and numbers of animals monitored by USDA and APHIS imported, exported and traveling through Kennedy Airport. If dates and length of time held at the facility information is available it would also be appreciated.

Additionally, I would like the contact information for the OGS person responsible for the USDA/APHIS office lease near the Kennedy Airport Facility and the present rental rates being paid by OGS for this office space. The Port of NY Authority would like to know if there is an opportunity to build a customized office and inspection facility at the airport for USDA and Fish & Wildlife with access to the public side and to the air cargo side.

You MUST agree to pay applicable fees in order to process your FOIA request. Fees are charged in the amount of \$25.00 or more. A letter will be sent to you stating the exact amount of your fee.

Yes I agree to pay all applicable fees for this request.
