WELCOME!

USDA APHIS Plant Protection and Quarantine (PPQ) has a new option to submit PPQ 525A applications for permits to receive soil for non-biological uses. This user guide will take you through how to complete all actions related to the PPQ 525A application.

If you have not logged into APHIS eFile yet, please refer to the APHIS eFile First Time User Guide. If you’ve already gone through the first-time user process and are an organization admin, refer to the APHIS eFile Organization Accounts User Guide.

Before you apply for your PPQ 525A permit application, there are several things to note when applying in eFile.

eFile PPQ 525A Application:
- Each application has a unique application number, labeled with A - #######

Post Application Submission:
- You will receive email notifications once a permit or letter has been issued, or if any additional action is required. You will also be able to access your permit or letter directly in eFile.
- You will still be able to access your permits in the Automated Commercial Environment (ACE) system.
- In eFile there are two different permit numbers:
  1. **System Generated Permit Record Number Example: P-######**
     - This number is the Record ID number that is autogenerated when a permit has been created. This is not a smart number, and does not represent the year, permit type, or any additional information.
  2. **APHIS Permit Number Example: 525-22-201-00015**
     - This number will be on your permit and the number that CBP will reference when importing your articles into the U.S.
     - The format of this number is: Permit Prefix-Calender Year-Ordinal Day-Sequential Number
     - The Permit Prefix indicates the type of permit.

D After you are done select the Sharing Organization, select Proceed.

Note: These answers cannot be changed after you start the application.
Step 4: Identify Responsible Party

Once you have created your new application, you will land on the Responsible Party section of the application. In this section you will identify the responsible parties involved in your import.

Types of responsible parties include:

- **Applicant** – The individual is who is applying for a PPQ permit.
- **Permittee** – The individual who is the permit holder or responsible party and whose name will be on the permit.
Step 4: Identify Responsible Party

My Details

A Confirm that your information on your Contact Card is up to date. If you are a first-time user, you may need to provide additional contact information. If you need to update your information, use the edit button to make those changes.

B Answer the required question, “Will you be the Permittee?” to indicate whether you will be the permit holder.
   - If you select No, you will need to provide the Permittee’s contact information in an additional section of the page.

Hand Carrier Details

A Answer the required question, “Do you want to request permission to hand carry articles in personal baggage?”.
   - If you select Yes, answer the follow up question. Depending on your answer, use the Hand Carrier IDs table to add your hand carrier contact information.

Note: Hand carry requests are evaluated on a case-by-case basis and are not always approved.
Step 5: Add Articles

Articles Details

A. Read through and certify that you are not importing soil from the areas of Canada listed.

B. Search for and select the region(s) of origin of your soil.

C. Select the mode(s) of transportation from the drop-down.
