WELCOME!

USDA APHIS Plant Protection and Quarantine (PPQ) has a new option to submit PPQ 621 permit applications. This user guide will take you through the process of submitting a permit application and how to cancel an issued permit if needed.

If you have not logged into APHIS eFile yet, please refer to the APHIS eFile First Time User Guide. If you’ve already gone through the first-time user process and are an organization admin, refer to the APHIS eFile Organization Accounts User Guide.

Before you apply for your PPQ 621 permit application, there are several things to note when applying in eFile.

**eFile PPQ 621 Application:**

- Each application has a **unique application number**, labeled with **A - #######**

**Post Application Submission:**

- **You will receive email notifications** once a permit or letter has been issued. You will also be able to access your permit or letter directly in eFile.
- **You will still be able to access your permits in the Automated Commercial Environment (ACE) system.**
- In eFile there are two different permit numbers:
  1. **System Generated Permit Record Number Example: P-00001234**
     - This number is the Record ID number that is autogenerated when a permit has been created. This is not a smart number, and does not represent the year, permit type, or any additional information.
  2. **APHIS Permit Number Example: 550-20-201-00015**
     - This number will be on your permit and the number that CBP will reference when importing your articles into the U.S.
     - The format of this number is: Permit Prefix-Calendar Year-Ordinal Day-Sequential Number
     - The Program Prefix indicates the type of permit.

View Outcomes

Your application has been processed and each application line item, or article-country combination, has been sorted to its appropriate outcome category.

The different outcome categories include:

- Pending Processing Fee
- Pending APHIS Review
- Permits
- Letter of Denial

The next pages review what each Outcome section means and any actions you can or should take.
Applications with the status Pending Processing Fee do not require any action. The status is pending because you submitted a check or money order. If there is a payment issue, the permitting staff will reach out to you personally through the contact information you provided.

Applications that require additional APHIS review will have a status of Pending APHIS Review. You do not need to take any actions on these applications.
