PPA 7721: Plant Pest and Disease Management and Disaster Prevention Program Funding Opportunity FY 2026

Last Modified:

Application Deadline:

August 6, 2025 at 11:59 PM ET

Opportunity Number:

Not Applicable

Opportunity Type:

Cooperative Agreement

Under the Plant Pest and Disease Management and Disaster Prevention Program (PPDMDPP), APHIS funds projects organized around specific goal areas that represent critical needs and opportunities to strengthen against, prevent, detect, and mitigate invasive plant pests and diseases. These funds play a significant role in our efforts to safeguard American agriculture and facilitate safe agricultural trade.

Funding priorities include:

1. Enhancing plant pest and disease analysis and survey
2. Targeting domestic inspection activities at vulnerable points in the safeguarding continuum
3. Enhancing and strengthening pest identification and technology
4. Safeguarding nursery production
5. Conducting targeted outreach and education
6. Enhancing mitigation and rapid response capabilities

Eligible Applicants

- Federal and State agencies
- Tribes, Tribal Nations, and Tribal Colleges and Universities
- Nonprofit organizations
- Institutions of higher education
- Industry

Foreign entities aren't allowed to submit a suggestion. However, they may collaborate with a domestic entity that submits a suggestion.

Informational Webinars for Applicants

APHIS is hosting a series of virtual training webinars. Our "Help Session" webinars give an overview of the suggestion submission process and assist suggesters with submitting high-quality suggestions. These sessions will cover:

- The six PPDMDPP goal areas,
- Aligning suggestions to the correct goal area and objective,
- Instructing first-time suggestion submitters on how to register for a [USDA eAuthentication account](#) (needed to submit a suggestion), and
- Demonstrating how to submit a suggestion in ServiceNow.

We are also offering "ServiceNow Walkthrough" webinars to give a real-time demo of the suggestion submission portal. In these walkthroughs, we will:

- Explain and review all fields required for successful submission of a suggestion within ServiceNow,
- Review new functionality associated with saving drafts of suggestions, and
- Review how to edit and retract a suggestion before the close of the open period.

If you're interested in submitting a suggestion, we encourage you to attend one of the webinars and confirm that you can access [ServiceNow](#). All of the webinars are open to the public; registration is required for the general audience webinars.

Webinar Schedule

Date	Time	Topic	Audience	Webinar Link
June 12	1:00 p.m. to 2:30 p.m. EST	Help Session	Tribal	Join Webinar Meeting Password: m\$QqLivoE
