

## APPENDIX II

### PLANTS EXCLUDED FROM THE CANADA/U.S. GREENHOUSE CERTIFICATION PROGRAM FOR EXPORT TO THE UNITED STATES

The following plants are excluded from this program for shipment to the United States.

A. Any plant imported into the continental United States or Canada in growing media from a third country unless the plant meets the requirements of both 7CFR 319.37-8 AND the Canadian Growing Media Program at the time of entry.

Any plant imported into the continental United States or Canada in growing media from the State of Hawaii or a U.S. territory unless the plant meets the requirements of both 7CFR 318.13 AND the Canadian Growing Media Program at the time of entry.

B. Plants of the following genera/species:

<i>Adonidia</i> spp.	<i>Euphorbia prunifolia</i>	<i>Oryza rufipogon</i>
<i>Aeginetia</i> spp.	<i>Galega officinalis</i>	<i>Paspalum scrobiculatum</i>
<i>Ageratina adenophora</i>	<i>Gaussia</i> spp.	<i>Pennisetum clandestinum</i>
<i>Aiphanes</i> spp.	<i>Gossypium</i> spp.	<i>Pennisetum macrourum</i>
<i>Alectra</i> spp.	<i>Heracleum mantegazzianum</i>	<i>Pennisetum pedicellatum</i>
<i>Allegoptera arenaria</i>	<i>Howea</i> spp.	<i>Pennisetum polystachion</i>
<i>Alternanthera sessilis</i>	<i>Humulus</i> spp.	<i>Phoenix</i> spp.
<i>Areca</i> spp.	<i>Hydrilla verticillata</i>	<i>Pinus</i> spp.
<i>Arenga</i> spp.	<i>Hygrophila polysperma</i>	<i>Planera</i> spp.
<i>Arikuryroba</i> spp.	<i>Hyophorbe</i> spp.	<i>Pritchardia</i> spp.
<i>Asphodelus fistulosus</i>	<i>Imperata brasiliensis</i>	<i>Prosopis</i> spp.
<i>Avena ludoviciana</i>	<i>Imperata cylindrica</i>	<i>Prunus</i> spp.
<i>Avena sterilis</i>	<i>Ipomoea</i> spp. (except! <i>batatus</i> )*	<i>Pseudolarix</i> spp.
<i>Azolla pinna/a</i>	<i>Ischaemum regosum</i>	<i>Pyrus</i> spp.
<i>Bambuseae</i> - All genera	<i>Lagarosiphon major</i>	<i>Ravenea</i> spp.
<i>Berberis</i> spp.	<i>Larix</i> spp.	<i>Ribes</i> spp.
<i>Borassus</i> spp.	<i>Latania</i> spp.	<i>Rottboellia exaltata</i>
<i>Borreria alata</i>	<i>Leptochloa chinensis</i>	<i>Rubus</i> spp.
<i>Bromeliaceae</i> - All genera	<i>Limnophila sessiliflora</i>	<i>Rutaceae</i> -All genera
<i>Carthamus oxyacantha</i>	<i>Livistona</i> spp.	<i>Saccharum spontaneum</i>
<i>Caryota</i> spp.	<i>Lycium ferocissimum</i>	<i>Sagittaria sagittifolia</i>
<i>Castanea</i> spp.	<i>Mahoberberis</i> spp.	<i>Salsola vermiculata</i>
<i>Castanopsis</i> spp.	<i>Mahonia</i> spp.	<i>Salvinia auriculata</i>
<i>Chaenomeles</i> spp.	<i>Malus</i> spp.	<i>Salvinia biloba</i>
<i>Chrysalidocarpus</i> spp.	<i>Mascarena</i> spp.	<i>Salvinia herzogii</i>
<i>Chrysopogon aciculatus</i>	<i>Melastoma malabathricum</i>	<i>Salvinia molesta</i>
<i>Cocos</i> spp.	<i>Mespilus germanica</i>	<i>Setaria pallide-fusca</i>
<i>Commelina benghalensis</i>	<i>Mikania cordata</i>	<i>Solanum torvum</i>
<i>Corypha</i> spp.	<i>Mikania micrantha</i>	<i>Solanum viarum</i>
<i>Crupina vulgaris</i>	<i>Mimosa invisa</i>	<i>Sparganium erectum</i>

<i>Cuscuta</i> spp.	<i>Mirp.osa pigra</i>	<i>Stratiodes aloides</i>
<i>Cydonia</i> spp.	<i>Manochoria hastata</i>	<i>Striga</i> spp.
<i>Dictyosperma</i> spp.	<i>Monochoria vaginalis</i>	<i>Theobroma</i> spp.
<i>Digitaria scalarum</i>	<i>Nannorrhops</i> spp.	<i>Trachycarpus</i> spp.
<i>Digitaria velutina</i>	<i>Nassella trichotama</i>	<i>Tridax procumbens</i>
<i>Drymaria arenarioides</i>	<i>Neodypsis</i> spp.	<i>Urochloa panicoides</i>
<i>Eichhornia azurea</i>	<i>Opuntia aurantiaca</i>	<i>Veitchia</i> spp.
<i>Eiaeis</i> spp.	<i>Orobanche</i> spp.	<i>Vitis</i> spp.
<i>Emex australis</i>	<i>Oryza longistaminata</i>	<i>Zelkova</i> spp.
<i>Emex spinosa</i>	<i>Oryza punctate</i>	

\* Canadian greenhouse facilities may ship *Ipomoea batatas* using a GCP export certification label if a statement is declared on the invoice confirming the origin of the plants. The statement "**IPOMOEA BATATAS PLANTS IN THIS SHIPMENT ORIGINATED IN THE UNITED STATES OR WERE GROWN FROM SEED**" should be written in **BOLD, CAPITAL** letters, and clearly visible to Custom and Border Protection Inspectors.

This statement can be included either:

- On a self-printed label attached to the shipping invoice; or
- Following the name of the listed plant, for example "*Ipomoea batatas* (**IPOMOEA BATATAS PLANTS IN THIS SHIPMENT ORIGINATED IN THE UNITED STATES OR WERE GROWN FROM SEED**)."

## APPENDIX II

### PLANTS EXCLUDED FROM THE CANADA/U.S. GREENHOUSE CERTIFICATION PROGRAM FOR EXPORT TO THE UNITED STATES

C. Plants whose propagative origin is other than Canada and the United States:

Abelmoschus spp.	Dianthus spp.	Morus spp.
Abies spp.	Dimocarpus spp.	Nephelium spp.
Acaciaspp.	Diospyros spp.	Olea spp.
Acer spp.	Durio spp.	Passiflora spp.
Achras spp.	Eriobotrya spp.	Persea spp.
Actinidia spp.	Eucalyptus spp.	Philadelphus spp.
Aesculus spp.	Eugenia spp.	Phyllanthus spp.
Althaea spp.	Euonymus spp.	Picea spp.
Anacardium spp.	Euphoria spp.	Pistacea vera
Annona spp.	Fabaceae-herbaceouspp.	Poaceae -All genera
Arachis spp.	Feijoa spp.	Populus spp.
Artocarpus spp.	Ficus carica	Pouteria spp.
Averrhoa spp.	Fragaria spp.	Pseudotsuga spp.
Blighia sapida	Fraxinus spp.	Psidium spp.
Bouea spp.	Garcinia spp.	Punica spp.
Calocarpum spp.	Gladiolus spp.	Pyronia spp.
Carica spp.	Hibiscus spp.	Quercus spp.
Carissa spp.	Hydrangea spp.	Rhodomyrtus spp.
Carya spp.	Jasminum spp.	Rosa spp.
Cedrus spp.	Juglans spp.	Salix spp.
Ceratorua spp.	Juniperus spp.	Solanum spp.
Chrysanthemum spp.	Lansium spp.	Sorbus spp.
Chrysobalanus spp.	Ligustrum spp.	Spondias spp.
Chrysophyllum spp.	Litchi spp.	Syringa spp.
Cocoloba spp.	Macadamia spp.	Syzygium spp.
Coffea spp.	Malphigia spp.	DI.mus spp.
Corylus spp.	Mammea spp.	Vaccinium spp.
Crataegus spp.	Mangifera spp.	Watsonia spp.
Crocoshmia spp.	Manihot spp.	Ziziphus spp.
Datura spp.	Manilkara spp.	
Dendranthema spp.	Melicoccus spp.
