

**MARC C. GILKEY**

**REGIONAL MANAGER FOR LATIN AMERICA  
AND THE CARIBBEAN**

Mr. Gilkey is currently the Regional Manager for the Latin America and Caribbean Region with USDA's Animal and Plant Health Inspection Service (APHIS). He works at the U.S. Embassy in Bogota, Colombia.

Previously, Mr. Gilkey was the Assistant Regional Manager for Europe, Africa and the Middle East with USDA's Animal and Plant Health Inspection Service (APHIS) and has served in this capacity since 2012. Prior to that, he was the Assistant Regional Manager for Asia at the U.S. Embassy in New Delhi, India; Assistant Regional Manager in Mexico City, Mexico; and the USDA Provincial Reconstruction Team (PRT) Coordinator in Kabul, Afghanistan. Mr. Gilkey started his Federal career by enlisting in the U.S. Navy in 1987 and continuing with the USDA as a Plant Protection and Quarantine Officer in San Francisco. After moving to APHIS HQ-Washington D.C., he served as the Plant Health Trade Director for China, Japan and Mexico.

His academic background is in Entomology and Conservation Biology as it relates to invasive species ecology. He has a B.S. from San Francisco State University.
