1. PURPOSE

This Directive establishes the policy, authorities, and responsibilities for administering the Animal and Plant Health Inspection Service (APHIS) background investigation requirements for both Federal and contracted positions (including aerial services) involved in piloting aircraft to carry out various APHIS programs and functions.

2. BACKGROUND

The USDA, Office of Inspector General (OIG) conducted an audit to determine if APHIS had adequate management controls to ensure that pilots flying Agency owned or contracted aircraft are qualified and pose no security threat. OIG identified several control weaknesses including APHIS’ handling of background investigations for its employee and contracted pilots. This issuance establishes background investigation policy for all affected positions and contracted services.
