1. PURPOSE

This Directive establishes Marketing and Regulatory Programs’ (MRP) policy and implementing procedures for complying with Federal requirements prohibiting agencies from entering into financial transactions with any corporation that was convicted of a felony within the preceding 24 months or that has an unpaid Federal tax liability.

2. POLICY

No MRP agency will enter into financial transactions with any corporation that was convicted (or had an officer or agent of such corporation acting on behalf of the corporation convicted) of a felony criminal violation under any Federal or State law within 24 months, where the agency is aware of the conviction, unless the agency has considered suspension or debarment of the corporation, or such officer or agent, and has made a determination that this action is not necessary to protect the interest of the Government.

Further, no MRP agency will enter into financial transactions with any corporation that has any unpaid Federal tax liability that has been assessed, for which all judicial and administrative remedies have been exhausted or have lapsed, and that is not being paid in a timely manner pursuant to an agreement with the authority responsible for collecting the tax liability, where the agency is aware of the unpaid tax liability, unless the agency has considered suspension or debarment of the corporation and made a determination that this action is not necessary to protect the interest of the Government.

MRP awareness is imputed at the contracting officer level for procurement transactions and at the awarding officer level for nonprocurement transactions.
