I.21.		I.22. Number of packages <b>Number of transport containers</b>		I.24.		
I.23. Seal/Container No		I.24.				
I.25. Commodities certified for: Pets <input type="checkbox"/> <b>Select pets</b>		Quarantine <input type="checkbox"/>				
I.26.		I.27. For import or admission into EU <input type="checkbox"/> <b>Select box above</b>				

\*ISO codes: Austria AT; Belgium BE; Bulgaria BG; Croatia HR; Cyprus CY; Czech Republic CZ; Denmark DK; Estonia EE; Finland FI; France FR; Germany DE; Greece GR; Hungary HU; Ireland IE; Italy IT; Latvia LV; Lithuania LT; Luxembourg LU; Malta MT; Netherlands NL; Norway NO; Poland PL; Portugal PT; Romania RO; Slovakia SK; Slovenia SL; Spain ES; Sweden SE; Switzerland CH; United Kingdom GB

Page numbers must be entered on every page in the Page X of Y format below.

I.28. Identification of the commodities			
Species (Scientific name)	Identification system	Identification number	Quantity
Record scientific name of each bird	Record method of identification for each bird (e.g., clip, leg band, microchip/transponder, tag)**	Record number of identification	Record number of birds

\*\*Pet birds weighing over 100 grams that leave the United States after February 19, 2018 must be identified by one of three approved means (microchip, leg band, or tattoo) in order to qualify for home quarantine in lieu of federal quarantine when returning to the U.S. The pet bird's identification must be recorded on the accompanying U.S. origin health certificate. [Click here to see the USDA APHIS Pet Travel Website for more information on bringing a pet bird into the U.S.](#)

Page numbers must be entered on every page in the Page X of Y format below.

USDA Accredited Veterinarians, line out (use ink) the non-applicable statements to declare how the pet bird(s) was/were prepared for export. Initial your lineouts. The following line outs are for pet birds quarantined in their home under the USDA Accredited Veterinarian's supervision for at least 10 days prior to the date of departure and tested for Avian Influenza H5 and H7.

COUNTRY: United States

Pet birds

Part II: Certification

II. Health information	II.a. Certificate reference number <i>Completed by USDA</i>	II.b.
I, the undersigned official veterinarian of ...the United States... certify that:		
1. The country of dispatch is a member country of the World Organisation for Animal Health (OIE) and belongs to the OIE Regional Commission for ...the Americas... (insert name of Regional Commission).		
2. The bird(s) described in point I.28.has/have been subjected today, within 48 hours or the last working day prior to the date of dispatch, to a clinical inspection and found free of obvious signs of disease;		
<sup>(1)either</sup> 3. The bird(s) complies/comply with at least one of the following conditions:		
<del><sup>(+)either</sup> [it/they comes/come from a third country listed in Part I of Annex I or Part I of Annex II to Regulation (EU) No 206/2010 and has/have been confined on the premises specified in point I.11. under official supervision for at least 30 days prior to the date of dispatch and effectively protected from contact with any other bird(s);]</del>		
<del><sup>(+)or</sup> [it/they has/have been vaccinated on.....[dd/mm/yyyy] and revaccinated on ..... [dd/mm/yyyy] against avian influenza of H5 and H7 subtypes within the last 6 months and not later than 60 days prior to the date of dispatch, in accordance with the manufacturer's instructions. The vaccine(s) used is/are not (a) live vaccine(s) and is/are approved for the species concerned in the third country of dispatch or at least in one Member State of the European Union;] This is not an option for U.S. pet birds.</del>		
<sup>(1)or</sup> [it/they has/have been isolated for at least 10 days prior to the date of dispatch and have been subjected to a test for the detection of avian influenza H5 and H7 antigen or genome, as prescribed in the Chapter 2.3.4. on avian influenza in the Manual of Diagnostic Tests and Vaccines for Terrestrial Animals of the OIE, as regularly updated, carried out on a sample taken on.....[dd/mm/yyyy], which must not be earlier than on the third day of isolation;]		
<i>and</i> is/are moved to a household or another residence within the European Union and must not be entered in shows, fairs, exhibitions or other gatherings of birds during the period of 30 days following entry into the Union.]		
<sup>(1)or</sup> <del>[3. The owner/person responsible for the bird(s) has declared that he/she has made arrangements for the 30 days post introduction quarantine after entry into the European Union, in an approved quarantine facility or centre in accordance with Article 6 of Commission Implementing Regulation (EU) No 129/2013].</del>		
4. The owner or the representative of the owner has declared that:		
4.1. The bird(s) is/are 'pet animal(s)' as defined in Article 3(b) of Regulation (EU) No 576/2013 intended for non-commercial movement.		
4.2. During the period between the pre-movement veterinary inspection and the factual departure the bird(s) will remain isolated from any possible contact with any other bird(s).		
<del><sup>(1)either</sup> [4.3. The bird(s) has/have been confined on the premises for at least the 30 days immediately prior to the date of dispatch without coming into contact with any other bird(s).]</del>		
<del><sup>(+)or</sup> [4.3. The bird(s) has/have undergone the 10 days pre-movement isolation.]</del>		
<del><sup>(+)or</sup> [4.3. Arrangements have been made for the 30 days post introduction quarantine of the bird(s) at the quarantine premises of.....]</del>		
<b>Notes</b>		
<b>Part I:</b>		
• <b>Box reference I.8:</b>	Provide the code of territory as appearing in Part 1 of Annex I or in Part 1 of Annex II to Regulation (EU) No 206/2010.	
• <b>Box reference I.15:</b>	Registration number (railway wagons or container and lorries), flight number (aircraft) or name (ship) is to be provided.	
• <b>Box reference I.19:</b>	Use the appropriate HS codes: 01.06.31 (bird of prey), 01.06.32 ( <i>Psittaciforme</i> ), 01.06.39 (other).	
• <b>Box reference I.23:</b>	For containers or boxes, the container number and the seal number (if applicable) should be included.	

These are the commodity codes from I.19 on Page 1.

Page numbers must be entered on every page in the Page X of Y format below.

II. Health information	II.a. Certificate reference number <b>Completed by USDA</b>	II.b.
