

CONDITIONS OF IMPORT FOR ANIMALS INTO ST. MAARTEN

1. The animal(s) – [dog(s)/cat(s)] is/are thirteen (13) weeks of age or older.
2. The animal(s) must be accompanied by a valid official International Health Certificate issued by a certified (Accredited) veterinarian and endorsed by the Official Government (Federal) Veterinarian. The International Health Certificate must be valid at the time of entry into St. Maarten.
3. The Health Certificate must attest that;
 - a. It/they has/have been vaccinated against Rabies with an inactivated vaccine, and the vaccination is current. For animals receiving their first rabies vaccination, or a rabies booster after previous vaccination has expired by greater than 3 months, it/they has/have been vaccinated at least 21 days prior to shipment.
 - b. The **dog(s)** has/have adequate levels of immunity conferred by being actively immunized against the following diseases: Distemper, Hepatitis, Parvovirus, Leptospirosis, and Adenovirus.
 - c. The **cat(s)** has/have adequate levels conferred by being actively immunized against the following diseases: Feline Leukemia, Feline Rhinotracheitis, Feline Calci virus, Feline Panleukopenia and Feline Pneumonitis.
 - d. The animal(s) is/are free of internal parasites as determined by a negative fecal flotation test (*within 21 days of export*) and should be treated within 21 days prior to departure with a registered medicine as instructed by the manufacturer. (Mention the date, time and the product used on the health certificate).
 - e. The animal(s) is /are free from external parasites particularly *Amblyomma sp.* and *Boophilus sp.* The animal(s) should be treated with a registered insecticide 14 days prior to departure.
 - f. The animal(s) is/are free from observable cutaneous diseases.
 - g. The dog(s)/cat(s)/ferret(s) must be transported in (a) suitable kennel(s) according to IATA regulations.
4. The animal(s) has/have to be registered electronically with an ISO (International Standards Organization) microchip. The number must be mentioned on the health certificate.
5. The importation of dogs and cats from South and Central America (excl. Suriname) is not permitted.
6. The importation of a pit-bull terrier type dog is not permitted.
7. Upon arrival in St. Maarten, the animals must be presented to a licensed Veterinarian in St. Maarten within twenty four (24) hours. A copy of the Veterinary Health Certificate(s) and this Permit must be submitted to the Inspections Department TEZVT – LVV, St. Maarten.
8. **THIS PERMIT IS VALID FOR ONE (1) ENTRY WITHIN ONE (1) MONTH OF THE DATE OF ISSUE.**
9. **ALL CERTIFICATES MUST BE IN DUTCH, ENGLISH OR ACCOMPANIED BY AN OFFICIAL TRANSLATION.**
