

Imported Fire ant – List of Regulated Items

- IFA queens and reproducing colonies of IFA
- Soil, separately or with other things, except soil samples shipped to approved laboratories. Potting soil is exempt, if commercially prepared, packaged, and shipped in original containers.
- Plants with roots with soil attached (containerized nursery stock, field grown and balled-and-burlapped nursery stock), except houseplants maintained indoors and not for sale (personal items)
- Grass sod
- Baled hay and straw that have been stored in contact with the soil
- Used soil moving equipment, unless cleaned of all noncompacted soil
- Any other products, articles, or means of conveyance when it is determined by an inspector that they present a risk of spread of IFA due to its proximity to an infestation of IFA
