Pale Potato Cyst Nematode - Idaho
Changes to Regulated Area Effective January 14, 2009

Restrictions are imposed on the movement of regulated articles from the quarantined areas (in red) into or through the unshaded areas. Consult your State or Federal plant protection inspector for assistance regarding exact areas under regulation, and requirements for moving regulated articles.

For detailed information, see the Federal Register Vol. 72, No. 176, Pages 51975-51988; Docket No. APHIS-2006-0143 for quarantine and regulations.
