Manufacturer's Certificates or Declarations

To request endorsement of export certificates for commodities to Singapore that require one or more Manufacturer Declarations or Certificates (such as pet food), manufacturers/exporters must provide the documentation to the VS Area Office with an original signature. The color of the ink used for the signature must not be the same color as the text of the document. Electronic signatures are not acceptable. The VS Area Office will keep the original on file, and copy the Manufacturer's Certificate onto security paper for inclusion with the export certificate. Singapore was notified in 2010, prior to our implementation of security paper use, that the export certificates would not include the original signatures of the manufacturer(s). The Manufacturer's Declaration (or Certificate) may be submitted on company letterhead stationery.
