AgDiscovery 2026: 5-Day Summer Day Camp Program

The U.S. Department of Agriculture (USDA), in partnership with 10 universities, will offer this summer outreach program for middle and high school students. It’s a unique chance to get a first-hand look at the many career paths open in the

agricultural sciences.

Unlike past AgDiscovery programs, this year will feature a 5-day program where students return home at the conclusion of each day. Applications must be made directly to the university, and you can find the contacts below.
