International Services

Last Modified:

International Services, the overseas arm of APHIS, operates in over 27 countries around the world to keep agriculture healthy and trade markets open. Our in-country presence, technical expertise, and skilled diplomacy give us unmatched advantages, access, and trust abroad to protect animal and plant health back home, which helps U.S. and global economies thrive.

Learn more about our organization and the authorities under which we work.

Priorities

Facilitating Safe Trade

Our highly specialized team members are animal and plant health experts and trained diplomats. Learn how we play a vital role in ensuring the free flow of

APHIS Foreign Service

We have Foreign Service Officers in over 25 countries across the globe who do the work of APHIS overseas. Day in and day out, we're on the front line for U.S. agricultural health.
