# Export Live Animals to European Union

Last Modified:

[Print](#)

## Orange Banner Country

**For Accredited Veterinarians:** Electronic signature ACCEPTED

**For APHIS VMO:** Original ink endorsement REQUIRED

## Save Time and Money With VEHCS!

USDA-accredited veterinarians can submit health certificates for electronic signature through VEHCS (Veterinary Export Health Certification System).

[Learn More](#)

**Accredited veterinarians** can submit health certificates for USDA endorsement electronically through VEHCS (Veterinary Export Health Certification System).

However, this country requires **USDA to ink-sign and emboss the health certificate**. This means the final, endorsed health certificate that travels with the animal(s) must be mailed back.

**IMPORTANT: The endorsed health certificate (paper, not electronic) must accompany the shipment.** The endorsed health certificate will be returned by mail (a pre-paid, pre-addressed return label must be provided during certificate submission).

### Unlisted Species

For aquatic animal species that are NOT listed in [Commission Implementing Regulation \(EU\) 2018/1882](#) (i.e., “unlisted species”), requirements are determined by the importing country in the EU. The importer should request this information in writing from the government of the EU country of destination.

If the government officials of the importing country advise the use of the [AQUA-ENTRY-ESTAB/RELEASE/OTHER](#) certificate, the following modified version may be used:

- [AQUA-ENTRY-ESTAB/RELEASE/OTHER UNLISTED](#)- Modified Health certificate for species NOT listed in [Commission Implementing Regulation \(EU\) 2018/1882](#). – August 2023

#### **Note:**

- APHIS does NOT list or validate these exporters in TRACES-NT.
- RAEF approval is not required to use this modified AQUA-ENTRY-ESTAB/RELEASE/OTHER UNLISTED certificate.
- This certificate is not the only certificate that can be used for unlisted species but is an option if the BCP or importing country advise the use of the AQUA-ENTRY-ESTAB/RELEASE/OTHER model certificate for export of an unlisted species.

#### Research/Laboratory Animals

**Note:** For research animals destined for confined establishments as defined in Article 4(48) of [Regulation \(EU\) 2016/429](#)

#### **Pets**

Visit the [APHIS Pet Travel Website](#) for information about exporting your pets.

If your species is not listed, the requirements for that species are not known. Exporters who want to ship livestock or germplasm whose requirements are not listed above should have the importer or buyer in the destination country apply for an import permit at the appropriate ministry. This import permit will most likely outline the specific requirements.
