Export Live Animals to Gambia

Last Modified:

Electronic Signature **ACCEPTED**; Original Ink Endorsement **REQUIRED**

For Accredited Veterinarians: Electronic signature **ACCEPTED**

For APHIS VMO: Original ink endorsement **REQUIRED**

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for endorsement.

USDA must ink-sign and emboss the health certificate.

What This Means for You

Accredited Veterinarians: Use the links below to access or get help with VEHCS. Learn more about [how to issue export health certificates](#).

Animal Owners/Shippers: You can arrange to have your health certificate returned by mail (a prepaid, preaddressed return label must be provided during certificate submission). The endorsed health certificate—ink-signed and embossed—must accompany the animal(s) during shipment or travel.

Cattle

Import permits issued by the Department of Livestock Services (Veterinary Services and Competent Authority of the Gambia) are required.

Note: *Health certificates for live animals (does not include frozen germplasm) are required to be issued by a USDA Accredited Veterinarian and endorsed by APHIS within 72 hours of departure.*

- [Bovine - Semen - Health Certificate](#) (183.18 KB) - March 2021
- [Cattle - Health Certificate](#) (259.84 KB) - March 2021

Poultry

The Gambia Veterinary Services Department of Livestock Services has confirmed that the VS Form 17-6, *Certificate for Poultry or Hatching Eggs for Export*, may be used for the export of U.S. poultry, day-old chicks and hatching eggs to the Gambia, with no additional certification statements in Item 13. "Remarks or Additional Information" of the certificate.

Summary of Requirements

If your species is not listed, the requirements for that species are not known. Exporters who want to ship livestock or germplasm whose requirements are not listed above should have the importer or buyer in the destination country apply for an import permit at the appropriate ministry. This import permit will most likely outline the specific requirements.

Need Help?

[Download contacts](#)

USDA-Accredited Veterinarians

Contact a USDA-accredited veterinarian for questions about your destination country's entry requirements for animals (including any needed vaccinations, tests, or treatments) and for issuance of health certificates.
