Export Live Animals to Ireland

Last Modified:

Live Animal Export Country Requirements - Select a Country - View Requirements

Summary of Requirements

This country is a Member State of the European Union (EU) and accepts **English-only health certificates**. For species/commodities not listed below, please refer to the European Union webpage.

The European Union (EU) has updated all of its harmonized health certificates in accordance with its Animal Health Law. Regularly check the EU IRegs webpage for the latest export health certificates and the most up-to-date information regarding live animal exports to the EU.

Taking a Pet to Another Country?

Visit Pet Travel

If your species is not listed, the requirements for that species are not known. Exporters who want to ship livestock or germplasm whose requirements are not listed above should have the importer or buyer in the destination country apply for an import permit at the appropriate ministry. This import permit will most likely outline the specific requirements.

Need Help?

USDA-Accredited Veterinarians

Contact a USDA-accredited veterinarian for questions about your destination country's entry requirements for animals (including any needed vaccinations, tests, or treatments); issuance of health certificates; and status updates on certificate endorsement.

Find a USDA-Accredited Veterinarian

APHIS Endorsement Offices

APHIS Veterinary Export Trade Services (VETS) offers commodity-specific expertise for exporting animals. Use the dropdown to contact us with questions about endorsing health certificates. For quickest help, see **tips for exporters and accredited veterinarians.**
