Export Live Animals to Saba

Last Modified:

Orange Banner Country

For Accredited Veterinarians: Electronic signature ACCEPTED

For APHIS VMO: Original ink endorsement REQUIRED

Save Time and Money With VEHCS!

Learn More

Accredited veterinarians can submit health certificates for USDA endorsement electronically through VEHCS (Veterinary Export Health Certification System).

However, this country requires **USDA to ink-sign and emboss the health certificate.** This means the final, endorsed health certificate that travels with the animal(s) must be mailed back.

IMPORTANT: The endorsed health certificate (paper, not electronic) must

accompany the shipment. The endorsed health certificate will be returned by mail (a pre-paid, pre-addressed return label must be provided during certificate submission).

Taking a Pet to Another Country?

Visit Pet Travel

If your species is not listed, the requirements for that species are not known. Exporters who want to ship livestock or germplasm whose requirements are not listed above should have the importer or buyer in the destination country apply for an import permit at the appropriate ministry. This import permit will most likely outline the specific requirements.

Need Help?

USDA-Accredited Veterinarians

Contact a USDA-accredited veterinarian for questions about your destination country's entry requirements for animals (including any needed vaccinations, tests, or treatments); issuance of health certificates; and status updates on certificate endorsement.
