# Export Live Animals to Senegal

Last Modified:

## Electronic Signature and Digital Endorsement ACCEPTED

**For Accredited Veterinarians:** Electronic signature ACCEPTED

**For APHIS VMO:** Digital endorsement ACCEPTED

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for digital endorsement.

**USDA can digitally endorse the health certificate and return it electronically.**

What This Means for You

**Accredited Veterinarians:** Use the links below to access or get help with VEHCS. Learn more about how to issue export health certificates.

**Animal Owners/Shippers:** The endorsed health certificate can be printed out directly from VEHCS and does **not** have to be mailed back to you. The printed, endorsed health certificate must accompany the animal(s) during shipment or

travel.

## Summary of Requirements

If your species is not listed, the requirements for that species are not known. Exporters who want to ship livestock or germplasm whose requirements are not listed above should have the importer or buyer in the destination country apply for an import permit at the appropriate ministry. This import permit will most likely outline the specific requirements.

## Need Help?

USDA-Accredited Veterinarians

Contact a USDA-accredited veterinarian for questions about your destination country's entry requirements for animals (including any needed vaccinations, tests, or treatments); issuance of health certificates; and status updates on certificate endorsement.

Find a USDA-Accredited Veterinarian

APHIS Endorsement Offices

APHIS Veterinary Export Trade Services (VETS) offers commodity-specific expertise for exporting animals. Use the dropdown to contact us with questions about endorsing health certificates. For quickest help, see **tips for exporters and accredited veterinarians.**
