## **Export Live Animals to Singapore**

Last Modified:

# **Electronic Signature ACCEPTED; Original Ink Endorsement REQUIRED**

For Accredited Veterinarians: Electronic signature ACCEPTED

For APHIS VMO: Original ink endorsement REQUIRED

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for endorsement.

USDA must ink-sign and emboss the health certificate.

What This Means for You

**Accredited Veterinarians:** Use the links below to access or get help with VEHCS. Learn more about how to issue export health certificates.

**Animal Owners/Shippers:** You can arrange to have your health certificate returned by mail (a prepaid, preaddressed return label must be provided during certificate submission). The endorsed health certificate—ink-signed and embossed—must accompany the animal(s) during shipment or travel.

Live Animal Export Country Requirements Requirements

- Select a Country - ▼ View

## **Summary of Requirements**

**Expand All** 

**Equine** 

#### **Equine**

For racing, competition, or shows

- Horses Protocol and Health Certificate (112.18 KB) July 2017
- Horses Temporary Protocol and Health Certificate (202.66 KB) July 2017

## **Sheep and Goats**

• Sheep and Goats - Protocol and Health Certificate (35.64 KB) - March 2013

## **Swine**

• <u>Swine - Breeding - Protocol</u> (4.62 KB) - August 1990

## **Poultry**

Effective March 16, 2022, the National Parks Board/Animal & Veterinary Service (NParks/AVS) of the Republic of Singapore has imposed temporary restrictions on

the importation of poultry and hatching eggs from the 10 km radius restricted areas around the affected premises.

- Poultry Day-old Chicks Protocol (2.21 KB) March 1990
- Link to VS Form 17-6, Certificate for Poultry for Hatching Eggs for Export

**NOTE:** In addition to the protocol requirements above, all health certificates for the export of poultry must include the following two statements:

- 1. "Highly pathogenic avian influenza (HPAI) is a notifiable disease in the United States (USA)"; AND
- 2. "The poultry for export are captive-bred and do not originate from areas within the 10 km radius of restricted area around a highly pathogenic influenza affected farm."
  - <u>List of countries/regions/zones suspended for import of poultry and poultry products</u> (i.e. eggs) to Singapore due to HPAI.

## **Birds (Non-Poultry)**

Effective March 16, 2022, the National Parks Board/Animal & Veterinary Service (NParks/AVS) of the Republic of Singapore has imposed temporary restrictions on the importation of ornamental birds from the 10 km radius restricted areas around the affected premises.

For more information on the export of Pet Birds to Singapore, please visit the APHIS Pet Travel Website: <a href="https://www.aphis.usda.gov/pet-travel/us-to-another-country-export/pet-travel-us-singapore">https://www.aphis.usda.gov/pet-travel/us-to-another-country-export/pet-travel-us-singapore</a>

## **Aquaculture/Aquatic Animals**

### **Other Animals**

Please visit Singapore's Animal & Veterinary Service website for more information on importing reptiles and miscellaneous pets to Singapore.

#### Taking a Pet to Another Country?

Visit Pet Travel

If your species is not listed, the requirements for that species are not known. Exporters who want to ship livestock or germplasm whose requirements are not listed above should have the importer or buyer in the destination country apply for an import permit at the appropriate ministry. This import permit will most likely outline the specific requirements.

### **Need Help?**

#### **Download contacts**

**USDA-Accredited Veterinarians** 

Contact a USDA-accredited veterinarian for questions about your destination country's entry requirements for animals (including any needed vaccinations, tests, or treatments) and for issuance of health certificates.

#### Find a USDA-Accredited Veterinarian

**USDA** Endorsement Offices

Contact your nearest APHIS Veterinary Export Trade Services Endorsement Office for questions about endorsing an export health certificate for live animals.
