Export Live Animals to Ukraine

Last Modified:

Electronic Signature ACCEPTED; Original Ink Endorsement REQUIRED

For Accredited Veterinarians: Electronic signature ACCEPTED

For APHIS VMO: Original ink endorsement REQUIRED

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for endorsement.

USDA must ink-sign and emboss the health certificate.

What This Means for You

Accredited Veterinarians: Use the links below to access or get help with VEHCS. Learn more about how to issue export health certificates.

Animal Owners/Shippers: You can arrange to have your health certificate returned by mail (a prepaid, preaddressed return label must be provided during certificate submission). The endorsed health certificate—ink-signed and embossed—must accompany the animal(s) during shipment or travel.

Live Animal Export Country Requirements - Select a Country - View Requirements

As of November 2019, Ukraine requires imports of livestock (except domestic, sport, experimental, circus animals, as well as animals intended for exhibitions and entertainment), and their reproductive material to come from Ukrainian-approved facilities. For more information, please review the Guidance Document below.

Guidance Document for Export of Livestock and Genetics (140.2 KB)

Summary of Requirements

Expand All

Cattle

- Cattle Breeding - Health Certificate (115.53 KB) - May 2015

- Aquatic Animals Intended for Culture - Health Certificate (105.45 KB) - September 2014

Other Animals

Taking a Pet to Another Country?

Visit Pet Travel

If your species is not listed, the requirements for that species are not known. Exporters who want to ship livestock or germplasm whose requirements are not listed above should have the importer or buyer in the destination country apply for an import permit at the appropriate ministry. This import permit will most likely outline the specific requirements.

Need Help?

USDA-Accredited Veterinarians

Contact a USDA-accredited veterinarian for questions about your destination country's entry requirements for animals (including any needed vaccinations, tests,

or treatments); issuance of health certificates; and status updates on certificate endorsement.
