National Veterinary Accreditation Program

Last Modified:

Reminder of Certification of U.S.-issued Rabies Vaccination form

On behalf of CDC, we would like to remind you that new requirements for dogs entering the United States went into effect on August 1, 2024. Read more (150.42 KB)

The mission of the National Veterinary Accreditation Program (NVAP) is to provide accredited veterinarians with the information they need to ensure the health of the Nation's livestock and animal population and to protect the public health and well-being.

For Veterinarians

NVAP Coordinators

NVAP coordinators are available to assist you with obtaining, maintaining, and updating your accreditation. As an accredited veterinarian, you must notify APHIS when your home or business contact information changes, one of your veterinary licenses expires or otherwise lapses, or you need to become authorized to perform accredited duties in an additional State.

Contact your NVAP coordinator for help with these needs or anything else related to your accreditation.
