# Plant and Plant Product Imports

Last Modified:

APHIS regulates the import of plants and plant products into the United States to protect the health and value of America's agriculture.

## I Want To...

Use our guides below to make sure you're importing safely and legally and help the process go smoothly.

[Import a plant or plant product into the United States](#)

[Ship a plant or plant product through the United States on its way to another country](#)

[Moving plants, products, or soil through the United States or stopping at a port of entry? Learn APHIS' regulations to transit your products safely and legally.](#)

[Notify the United States of an incoming approved shipment of plants or plant products](#)

[As a traveler, bring plants or plant products into the mainland United States from Hawaii, Puerto Rico, or another country](#)

[If you're traveling, keep in mind that there are restrictions on the foods and agricultural products you can bring with you.](#)

[Buy plants or seeds online](#)

[Sell plants or seeds online](#)

[Understand requirements followed by airport and airline caterers or retailers](#)

[Participate in the Offshore Greenhouse Certification Program](#)

[Import Plants from Canada under the U.S.-Canada Greenhouse Grown Plant Certification Program](#)

[Participate in the Ralstonia Exclusion Program](#)

[APHIS is implementing an updated framework for importing all \*Ralstonia solanacearum\* race 3 biovar 2 host commodities into the United States.](#)
