Veterinary Biologics Forms

Last Modified:

All Veterinary Biologics forms are approved for use by the Office of Management and Budget (OMB) on a routine schedule. This approval is noted in the upper right corner of each form with an expiration date. This date is not the expiration date for the form, it is the review date for OMB. It is acceptable to use forms past the OMB expiration date.

The APHIS Forms listed above are screen-fillable Adobe Acrobat PDF Forms. You can fill out and print the forms within your web browser. If you are using the free Acrobat Reader software, you cannot save the form with the filled in data for use at a later time. You will need to use the purchased version of Adobe Acrobat in order to do this. The free reader software will, however, allow you to save the blank form for use at a later time. The CVB recommends using the latest version of **Adobe's Free Acrobat Reader Software**.
