Protecting Human Health and Safety

Last Modified:

We work with airport managers, public officials, natural resource management agencies, State agencies, private citizens, and others to assess and reduce the effects of wildlife on human health and safety. The work is conducted around the nation in a variety of settings, including airports, schools, homes, industrial areas, parks, and other locations.

Airport Wildlife Hazards

Invasive Species

Starlings and Blackbirds

Vultures

Waterfowl

Wildlife Rabies

Wildlife Disease
