Countries That Require ISPM-15 Compliant Wood Packaging

Last Modified:

Many U.S. trading partners have adopted International Standards for Phytosanitary Measures 15 (ISPM 15), "Regulation of wood packaging material in international trade."

The countries below require [ISPM 15](#) compliance for wood packaging material (WPM) used to ship commodities. This list is not all-inclusive; it includes only the countries that have stated in writing that they require ISPM-15 WPM.

List of Countries

- Argentina
- Australia
- Bermuda
- Bolivia
- Brazil
- Canada
- Chile
- Colombia
- Costa Rica

- Cuba
- Dominican Republic
- Ecuador
- Egypt
- European Union
- Guatemala

- Honduras
- India
- Indonesia
- Israel
- Jamaica
- Japan
- Jordan
- Kenya
- Korea
- Lebanon
- Malaysia
- Mexico
- New Zealand
- Nicaragua
- Nigeria
- Norway

- Oman
- Paraguay
- Peru
- Philippines
- Seychelles
- South Africa
- Sri Lanka
- Syria
- Taiwan
- Trinidad and Tobago
- Turkey
- Ukraine
- United Kingdom

- Venezuela
- Vietnam

Canadian Wood Packaging Material

Canada and the United States have an exemption on WPM manufactured from wood originating in the continental United States or Canada.

To obtain the exemption, the import documentation **must** include one of the following statements:

- "The wood packaging material originated in the Continental US" **or**
- "The wood packaging material originated in Canada"

Frequently Asked Questions

[Expand All](#)

Some countries are asking for phytosanitary certificates to be issued for WPM. Does the United States issue a phytosanitary (plant health) certificate for WPM?

No. It is against APHIS policy to issue a phytosanitary certificate for WPM used to transport commodities. If the WPM itself is the cargo, we will issue a phytosanitary certificate.

How can I ensure that my dunnage is compliant with the importing country's requirements?

Contact one of the [accredited inspection agencies](#) under either the heat treatment or fumigation program to learn how to obtain treated and officially marked dunnage.

Are shipments of WPM to Hawaii, Puerto Rico, and the U.S. Trust Territories required to be treated and given the ISPM 15 mark?

Treatment and obtaining an ISPM 15 mark is not required when shipping from the United States. However, it is required when shipping from other countries.

Questions?

The [American Lumber Standard Committee](#) or one of its [accredited agencies](#) can answer your questions about:

- Heat treatment and fumigation programs
- Marking requirements
- How to become certified to produce compliant WPM
- Costs for becoming certified
- Where heat-treated lumber may be purchased
