History of Requirement Updates for Live Animal Exports

Last Modified:

This page serves as a resource for you to find and view updates to live animal export requirements posted to APHIS' International Regulations for Animal Exports and Pet Travel.

Learn more at International Regulations for Animal Exports and Pet Travel.

Want to receive email notifications from APHIS when updates are added below? Subscribe to our email list and select the "Veterinary Services - IREGS Live Animals Updates (Exports)" topic.

The table below is searchable and sortable. Use the “Search” box to filter the table for entries containing the keyword(s) you enter, or click on the column headings within the table to sort by date, country, commodity category or detail, and action performed.
