# Pet Travel From the United States to Georgia

Last Modified:

## Electronic Signature ACCEPTED; Original Ink Endorsement REQUIRED

**For Accredited Veterinarians:** Electronic signature ACCEPTED

**For APHIS VMO:** Original ink endorsement REQUIRED

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for endorsement.

**USDA must ink-sign and emboss the health certificate.**

What This Means for You

**Accredited Veterinarians:** Use the links below to access or get help with VEHCS. Learn more about how to issue export health certificates.

**Animal Owners/Shippers:** You can arrange to have your health certificate returned by mail (a prepaid, preaddressed return label must be provided during

certificate submission). The endorsed health certificate—ink-signed and embossed—must accompany the animal(s) during shipment or travel.

## Electronic Signature and Digital Endorsement ACCEPTED

**For Accredited Veterinarians:** Electronic signature ACCEPTED

**For APHIS VMO:** Digital endorsement ACCEPTED

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for digital endorsement.

**USDA can digitally endorse the health certificate and return it electronically.**

What This Means for You

**Accredited Veterinarians:** Use the links below to access or get help with VEHCS. Learn more about how to issue export health certificates.

**Animal Owners/Shippers:** The endorsed health certificate can be printed out directly from VEHCS and does **not** have to be mailed back to you. The printed, endorsed health certificate must accompany the animal(s) during shipment or travel.

## Electronic Signature ACCEPTED; Digital Endorsement for SOME COMMODITIES ONLY

**For Accredited Veterinarians:** Electronic signature ACCEPTED

**For APHIS VMO:** Digital endorsement for SOME COMMODITIES ONLY

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for endorsement.

**Digital endorsement varies by species—see requirements on this page for details.** The health certificate either bears the original ink signature and embossed seal ***or*** digital signature/seal.

What This Means for You

**Accredited Veterinarians:** Use the links below to access or get help with VEHCS. Learn more about how to issue export health certificates.

**Animal Owners/Shippers:** Digitally endorsed health certificates can be printed out directly from VEHCS. For non-digitally endorsed health certificates, you can arrange to have your health certificate returned by mail (a prepaid, preaddressed return label must be provided during certificate submission). A paper version of the endorsed health certificate must accompany the animal(s) during shipment or travel.

# Travel Requirements Based on Pet Type

**Carefully read ALL of the requirements related to your pet on this page.**

- This page provides the most recent entry requirements and can change without notice.
- It is the responsibility of the veterinarian to make sure the pet has met all health requirements of the destination country before issuing a health certificate.
- Failure to meet the requirements may result in problems gaining certificate endorsement or difficulties upon arrival in the destination country.
- Health certificates must be legible, accurate, and complete.

Expand All

## Dogs, Cats, and Ferrets

- An import permit is not required for U.S. origin pet dogs, cats, or ferrets to enter the Republic of Georgia.
- No more than 5 pets (dogs, cats and/or ferrets) are allowed per traveler for "non-commercial movement."
- Dogs, cats, or ferrets moving for the purposes of sale or transfer of ownership are **not** considered "non-commercial movement of pet animals" and should **not** use the model health certificate below for export.
- Pet dogs traveling to Georgia are required to be treated for internal parasites (anthelmintics) and external parasites (fleas & ticks) prior to travel.
- Certificate is valid for 10 days from date of issue by the USDA accredited veterinarian and must be endorsed by APHIS prior to travel.

**Regarding Rabies Vaccinations and Titer Testing:**

- Pets must be "current" on their rabies vaccinations, and at least 21 days have passed since their ***primary*** rabies vaccination before travel; **OR** the owner must complete the Annex No. 2.
- A rabies titer test is **not** required of U.S. origin pet dogs, cats, or ferrets traveling *directly* to, or those transiting any country listed in the Article 7 of the "non-commercial movement of pet animals" enroute to the Republic of Georgia.
- If the U.S. origin pet is ***transiting*** a country that is **NOT** listed in the Article 7 of the "non-commercial movement of pet animals" to the Republic of Georgia (link to list below), the owner must complete and sign the Annex No. 3 Transit Declaration **OR ELSE** the pet will be required to have a rabies titer test carried out at least 3 months prior to export and more than 30 days after the most recent rabies vaccination.

**Annex Notes**

- **Annex No.2** is only required if the animals are less than 12 weeks old and have not received the anti-rabies vaccination; or for animals that are between

12 and 16 weeks old and have received an anti-rabies vaccination, but 21 days have not elapsed since the completion of the primary vaccination against rabies, and it is not accompanied by its rabies vaccinated mother.

- **Annex No.3** is required only if the pet is transiting a country that is **not** listed in the Article 7 of the “non-commercial movement of pet animals” in route from the United States to the Republic of Georgia (link to list below). In such situations, if the Annex No. 3 is completed and signed by the owner, then the pet is **not** required to have a rabies titer test carried out at least 3 months prior to export and more than 30 days after the most recent rabies vaccination. (Either complete the Annex No. 3 **OR** the pet needs a rabies titer test).
- **Annex No.5** (located on the last pages of the model health certificate) is the declaration that the pet is **not** moving for the purposes of sale or transfer of ownership, and this Annex is required for **ALL** health certificates.

Guidance Information for Pets (820.51 KB)

- **Note**: The requirements for traveling with your pet are described in the health certificate below. If submission will be via the Veterinary Export Health Certification System (VEHCS), you may navigate directly to VEHCS without downloading this PDF.

List of Countries in Article 7 of the “non-commercial movement of pet animals" (115.77 KB)

International Health Certificate for Pet Dogs, Cats and Ferrets (1.3 MB)

Annex No. 2 for Unvaccinated Pets (194.1 KB)

Annex No. 3 for Pets Transiting Unlisted Countries (56.3 KB)

## Other Pets

For pet travel requirements not listed, APHIS has not been officially informed by the foreign country about the requirements for your pet’s travel. We recommend that you contact a government official of the country you are traveling to for more information.

Switzerland**

* Northern Ireland is part of the United Kingdom (UK), but will continue to follow European Union (EU) requirements even though the UK is no longer part of the EU.
** Norway and Switzerland are **not** part of the EU but have adopted EU legislation for import of most species of live animals.

# Important Travel Considerations

## Considerations for airline travel and cruises:

Airlines and shipping lines have their own policies and requirements for transporting pets. Check with your airline or shipping representative to determine what requirements they may have.

Learn how you can improve the safety of dogs and cats during air travel.

View additional information for pet owners, airlines, and others about APHIS endorsement of international health certificates (239.52 KB).

If pets or support animals accompany you on a cruise, you must comply with entry rules for **every** country or port where your pet or support animal exits the ship.

## Will you be returning to the United States with your pet?
