## Electronic Signature **ACCEPTED**; Original Ink Endorsement **REQUIRED**

**For Accredited Veterinarians:** Electronic signature **ACCEPTED**

**For APHIS VMO:** Original ink endorsement **REQUIRED**

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for endorsement.

**USDA must ink-sign and emboss the health certificate.**

What This Means for You

**Accredited Veterinarians:** Use the links below to access or get help with VEHCS. Learn more about [how to issue export health certificates](#).

**Animal Owners/Shippers:** You can arrange to have your health certificate returned by mail (a prepaid, preaddressed return label must be provided during

certificate submission). The endorsed health certificate—ink-signed and embossed—must accompany the animal(s) during shipment or travel.

## Electronic Signature and Digital Endorsement ACCEPTED

**For Accredited Veterinarians:** Electronic signature ACCEPTED

**For APHIS VMO:** Digital endorsement ACCEPTED

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for digital endorsement.

**USDA can digitally endorse the health certificate and return it electronically.**

What This Means for You

**Accredited Veterinarians:** Use the links below to access or get help with VEHCS. Learn more about [how to issue export health certificates](#).

**Animal Owners/Shippers:** The endorsed health certificate can be printed out directly from VEHCS and does **not** have to be mailed back to you. The printed, endorsed health certificate must accompany the animal(s) during shipment or travel.

## Electronic Signature ACCEPTED; Digital Endorsement for SOME COMMODITIES ONLY

**For Accredited Veterinarians:** Electronic signature ACCEPTED

**For APHIS VMO:** Digital endorsement for SOME COMMODITIES ONLY

USDA-accredited veterinarians can electronically issue health certificates and use VEHCS (Veterinary Export Health Certification System) to submit them to USDA for endorsement.

**Digital endorsement varies by species—see requirements on this page for details.** The health certificate either bears the original ink signature and embossed seal **or** digital signature/seal.

#### What This Means for You

**Accredited Veterinarians:** Use the links below to access or get help with VEHCS. Learn more about [how to issue export health certificates](#).

**Animal Owners/Shippers:** Digitally endorsed health certificates can be printed out directly from VEHCS. For non-digitally endorsed health certificates, you can arrange to have your health certificate returned by mail (a prepaid, preaddressed return label must be provided during certificate submission). A paper version of the endorsed health certificate must accompany the animal(s) during shipment or travel.

## Travel Requirements Based on Pet Type

**Carefully read ALL of the requirements related to your pet on this page.**

- This page provides the most recent entry requirements and can change without notice.
- It is the responsibility of the veterinarian to make sure the pet has met all health requirements of the destination country before issuing a health certificate.
- Failure to meet the requirements may result in problems gaining certificate endorsement or difficulties upon arrival in the destination country.
- Health certificates must be legible, accurate, and complete.

## Dogs and Cats

### Certificaciones

1. El perro/gato fue examinado y se encontró en buen estado de salud y libre de signos clínicos de enfermedades parasitarias e infecciosas. Este examen debe ser conducido dentro de las 2 semanas antes de la fecha de partida.
2. Los animales fueron vacunados contra la rabia no más de 365 días antes de la fecha de embarque. Se debe indicar la fecha de inmunización y el nombre comercial del producto usado.
3. Los animales fueron tratados para endo y ectoparásitos con productos aprobados por el país de origen.
4. Los animales mayores de 4 meses deben ser vacunados contra la rabia.

### Informacion Adicional

1. El certificado zoosanitario debe ser emitido en duplicado.
2. El certificado zoosanitario no necesita la firma de un notario público ni necesita el endoso del Consulado de Nicaragua.
3. Exportaciones comerciales de animales deben llegar acompañadas de un permiso de importación. Perros y gatos personales no necesitan un permiso de importación pero si de un permiso de cuarentena que puede ser adquirido en los puertos de entrada a Nicaragua.
4. El certificado de vacunación de la rabia debe acompañar a los documentos sanitarios originales.

## Other Pets

For pet travel requirements not listed, APHIS has not been officially informed by the foreign country about the requirements for your pet's travel. We recommend that

you contact a government official of the country you are traveling to for more information.

## Important Travel Considerations

### Considerations for airline travel and cruises:

Airlines and shipping lines have their own policies and requirements for transporting pets. Check with your airline or shipping representative to determine what requirements they may have.

[Learn how you can improve the safety of dogs and cats during air travel.](#)

[View additional information for pet owners, airlines, and others about APHIS endorsement of international health certificates](#) (239.52 KB).

If pets or support animals accompany you on a cruise, you must comply with entry rules for **every** country or port where your pet or support animal exits the ship.

## Will you be returning to the United States with your pet?

[View APHIS Requirements](#)

**ALERT:** CDC is the primary authority for dog imports. For requirements or questions about dogs entering or returning to the United States, visit the [CDC website](#).

### If you are transiting (passing through) the European Union:

If your pet is traveling through (transiting) a country in the European Union (EU) on the way to a third, non-EU country, you will also need a transit health certificate for your pet for the EU. The transit health certificate will be the same as if your pet's final destination was the EU country. Use the information and steps above under "Travel Requirements Based on Pet Type" to determine which health certificate should be used. [View a list of EU countries](#).
