Finland, Malta, Ireland (including Northern Ireland) and Norway - Health Certificates

Last Modified:

Important!

Before choosing one of the health certificates below, you must read [Finland, Malta, Ireland \(including Northern Ireland\)*, and Norway's* pet travel requirements](#).

Note: Dogs must be treated for tapeworms by an Accredited Veterinarian BEFORE traveling to Finland, Malta, or Ireland (including Northern Ireland), or Norway.

*Northern Ireland and Norway are not part of the European Union (EU) but follow EU requirements.

Pet Dogs, Cats or Ferrets

Choose one of the options below.

Five (5) or fewer pets

Choose the option below that best fits your pet's travel plans.

Owner traveling on the same plane as the pet(s)

Notice: The pets must arrive in the EU **within 10 days** from the date USDA endorses the "Non-commercial" health certificate.

[Non-commercial Health Certificate for DOGS](#)

Dogs must be treated for tapeworms by an Accredited Veterinarian **24 to 120 hours (1 to 5 days) before** scheduled arrival in the EU country. This treatment can happen before or after USDA endorsement of the health certificate.

[Non-commercial Health Certificate for CATS and/or FERRETS](#)

[Instructions for completing the "Non-commercial" Health Certificate](#)

(915.99 KB)

Designated person* traveling on the same plane as the pet(s)

**Designated person is a family member, friend, or other person authorized by the owner to travel with the pets.*

Notice: The pets must arrive in the EU **within 10 days** from the date USDA endorses the "Non-commercial" health certificate.
