Great Britain - Intermediate Products [GBHC144X; EU Chapter 20 declaration equivalent]

Last Modified:

Declaration for the import of intermediate products to be used for the manufacture of medicinal products, veterinary medicinal products, medical devices for medical and veterinary purposes, active implantable medical devices, in vitro diagnostics medical devices for medical and veterinary purposes, laboratory reagents and cosmetic products

APHIS does NOT endorse documents related to the export of intermediate products to GB.

For intermediate product to be eligible for import into GB with this importer declaration, the exporting facility must be listed for [and the materials must meet the relevant requirements of] the Regulation 142/2011 as amended “CHAPTER 20 Model Declaration for the import from third countries and for the transit through the European Union of intermediate products to be used for the manufacture of medicinal products, veterinary medicinal products, medical devices for medical and veterinary purposes, active implantable medical devices, in vitro diagnostics medical devices for medical and veterinary purposes, laboratory reagents and cosmetic products”.
