Great Britain - Manure [GBHC106X; EU Chapter 17 equivalent]

Last Modified:

Health certificate for processed manure, derived products from processed manure and guano from bats [17 Equivalent]

To be eligible for this certificate, a facility must be listed for [and the materials must meet the requirements of] the Regulation 142/2011 as amended “CHAPTER 17 Health certificate

for processed manure, derived products from processed manure and guano from bats intended for dispatch to or for transit through the European Union”.

Please contact your [Veterinary Export Trade Services](#) for details on how to request required listings and certificates.

Please just extend and protect and then use the below pdfs (there are not “line out” variations for these- so I did the line outs in the versions you made fillable already).

Like the European Union, Great Britain prohibits the import of unprocessed manure, including but not limited to, guano from bats.

- [Dispatch](#) (196.33 KB) - May 2022 (pdf 197kb)
- [Transit](#) (187.56 KB) - May 2022 (pdf 188kb)
