Statistical Methods (STATWIs)

Last Modified:

These documents describe statistical concepts and methods used for various purposes by the CVB Statistics Section. Inquiries about statistical methods may be directed to CVB.Data.Help@usda.gov.

Title	Doc ID	Publication Date
Non-parametric Estimation of Median Effective Dose (1.02 MB)	STATWI0001	3/23/2018
Technical Notes for Estimating Diagnostic Sensitivity and Specificity (779.42 KB)	STATWI0002	3/23/2018
Technical Notes for Setting Release Specifications of Diagnostic Kit Panel Members	STATWI0003	withdrawn
Logistic Curve Parameterizations in Commercial Software (16.27 MB)	CVB-WI-0284	2/25/2023
Parallelism Analysis in Assay Validation (690.81 KB)	STATWI0006	3/28/2017
Prevented Fraction Methods (774.99 KB)	STATWI0007	4/17/2017
Technical Notes Regarding Establishing Control Chart Parameters (693.58 KB)	CVB-WI-5224	1/22/2020
