APHIS Announces Finding of No Significant Impact to Control Grasshoppers and Mormon crickets in New Mexico

[Print](#)

The U.S. Department of Agriculture's (USDA) Animal and Plant Health Inspection Service (APHIS) completed Findings of No Significant Impact (FONSI) and Decisions for the environmental assessment (EA) to control grasshoppers and Mormon crickets in parts of New Mexico.

Based on the analysis contained in the EA and the comments received during the public comment period, APHIS has decided to implement the Proposed Action as described in the EA and concluded that it will not have a significant impact on the quality of the human environment. The FONSI/Decision was signed June 2, 2023, and the EA was made Final.

Anyone wishing to view the Final EA and FONSI/Decision can at: [National Environmental Policy Act Documents: Plant Protection and Quarantine web page](#).
