APHIS Announces Revised Draft Guide For Submitting Permit Applications For Microorganisms Developed Using Genetic Engineering and Response to Comments on the First Draft Guide

[Print](#)

The U.S. Department of Agriculture's (USDA) Animal and Plant Health Inspection Service (APHIS) is sharing a revised draft of the *Guide For Submitting Permit Applications For Microorganisms Developed Using Genetic Engineering Under 7 CFR Part 340* and a [Response to Comments](#) (299.66 KB) on the first draft of the Guide, published on March 23, 2023.

APHIS revised the draft Guide based on the public comments we received on the first draft. The revised draft *Guide* and *Response to Comments* are available on the APHIS [website](#). Members of the public may view comments on the first draft guide at <https://www.regulations.gov/docket/APHIS-2023-0030/document>.
