**Tohono O’odham Community College
and the University of Arizona**

TOCC is a federally recognized, tribally controlled college and a designated 1994 Land-Grant Institution. Chartered in 1998 by the Tohono O’odham Nation, TOCC opened its doors to students in spring 2000. TOCC offers 11 different associate degrees, 9 certificates, and 5 apprenticeship areas of concentration. TOCC is pleased to facilitate the 2010 TLC program.

UA—established in 1885 as Arizona’s only land-grant institution—embraces its threefold mission of excellence in teaching, research, and public service. UA’s College of Agriculture and Life Sciences prepares students for career opportunities in agriculture, natural resources, and family and consumer sciences. UA graduates work in agribusiness, government agencies, health organizations, banking and finance, youth-development agencies, conservation and environmental organizations, and research and educational institutions. UA is pleased to host the TLC interns in Tucson.

Tohono Land Connections
June 1-12, 2010

The U.S. Department of Agriculture (USDA) prohibits discrimination in all its programs and activities on the basis of race, color, national origin, age, disability, and where applicable, sex, marital status, familial status, parental status, religion, sexual orientation, genetic information, political beliefs, reprisal, or because all or part of an individual’s income is derived from any public assistance program. (Not all prohibited bases apply to all programs.) Persons with disabilities who require alternative means for communication of program information (Braille, large print, audiotape, etc.) should contact USDA’s TARGET Center at (202) 720-2600 (voice and TDD). To file a complaint of discrimination, write to USDA, Director, Office of Civil Rights, 1400 Independence Avenue, S.W., Washington, D.C. 20250-9410, or call (800) 795-3272 (voice) or (202) 720-6382 (TDD). USDA is an equal opportunity provider and employer.

Revised April 2010

What Is Tohono Land Connections?

Tohono Land Connections (TLC) is an outreach program for teenagers with an interest in plants, agriculture, and natural resources. The program allows students to spend half their time at the Tohono O'odham Community College (TOCC) on the Tohono O'odham Nation and half on the University of Arizona (UA) campus in Tucson, learning about science from both O'odham and western perspectives. Students will learn from tribal elders, O'odham professionals, university professors, and scientists from the U.S. Department of Agriculture's (USDA) Animal and Plant Health Inspection Service (APHIS).

The 12-day TLC program is for students 14 to 17 years of age who want to learn more about safeguarding their natural heritage, both within and outside of the Tohono O'odham Nation. Students chosen to participate in TLC will learn and gain experience through hands-on labs, workshops, discussions, and field trips. Students will also participate in team-building activities.

Who Is Sponsoring the TLC Program?

TOCC and APHIS are joining forces with UA to sponsor TLC. For 2010, the Administrator of APHIS is funding TLC. Six of the agency's line programs—Plant Protection and Quarantine, International Services, Wildlife Services, Biotechnology Regulatory Services, Veterinary Services, and Animal Care—are furnishing instructors. TOCC and UA are hosting and coordinating program participants on their campuses in Sells and Tucson, AZ, respectively. TOCC and UA will make a variety of materials available to TLC students in order to facilitate learning about plants, agriculture, and natural resources. Paul Buseck, agriculture and natural resources instructor at TOCC, and Elaine Marchello, Assistant Dean in the Office of Academic Programs in UA's College of Agriculture and Life Sciences, will facilitate the program.

How Much Will It Cost?

Students selected for the 2010 TLC session will pay only the cost of transportation to get from their home to the TOCC campus on June 1 and back home on June 12. The cost of tuition, room and board, and lab supplies for the program will be covered by APHIS.

How Do I Apply?

Students between the ages of 14 and 17 are eligible to apply for admission to TLC. *Note:* You must be at least 14 and no older than 17 as of June 1, 2010. You must submit a complete application package before **May 7, 2010**. Packages postmarked or hand delivered after that date will not be accepted.

- A short essay entitled "How my interest in agriculture and natural resources can help me, my community, and the country." In the essay, include information on your interests, hobbies, and hopes for the future. Be sure to include your full name, age, address, and home telephone number.
- Two letters of reference from people not related to you who know you well. At least one of the letters must come from a teacher or counselor.

Mail your completed application to:

Paul Buseck
Tohono O'odham Community College
P.O. Box 3129
Sells, AZ 85634

Applicants may also submit their packages to Mr. Buseck at the TOCC campus in Sells. All hand-delivered materials will be date-stamped on receipt; no paperwork submitted after May 7, 2010, will be accepted.

By the middle of May, TOCC will let you know if you have been selected for this summer's TLC program. Meanwhile, if you'd like to learn more about APHIS, TOCC, or UA, visit these Web sites:
