APHIS ePermits System [ePermits System]
APHIS ePermits System is a web-based platform that streamlines the application and renewal process for permits issued by APHIS. The system allows users to apply for, renew, and track permits online, providing a more efficient and accessible way for stakeholders to manage their permit needs. This system is accessible through the USDA website, where users can find the necessary information and guidance to apply for permits.

More information can be found at the following links:

- Food Safety Information: www.fsis.usda.gov/
- APHIS National Center for Import and Export (NCIE):

  - USDA-APHIS-NCIE
  - 4700 River Road, Unit 39
  - Riverdale, MD 20737
  - Phone (301) 727-3000
  - Email: permits@aphis.usda.gov

APHIS ePermits System is a critical tool for managing permits issued by APHIS to ensure compliance with regulations and facilitate international trade. The system has streamlined the permit application process, making it easier for applicants to submit and manage their permits online, thereby improving efficiency and reducing the administrative burden on both applicants and APHIS.
The text on the page contains information about the United States Department of Agriculture (USDA) and the Animal and Plant Health Inspection Service (APHIS). It includes policies and procedures regarding permits and other regulatory matters. The text also contains a note ensuring that the USDA is an equal opportunity provider and employer.
