

**Temporary Attestation:
Live Swine to China**

- 1) To the best of my knowledge, the farm(s) from which the swine for export originated have not reported any cases of A/H1N1 flu in swine in the past 3 months.

- 2) During the pre-embarkation quarantine, nasal swab samples of the swine for export have been tested negative for A/H1N1 by RT-PCR or fluorescent PCR, pooling of a maximum of three samples is permitted. Samples have been tested at a laboratory authorized by the competent authority.
