II. Health information	II.a. Certificate reference number	II.b.
<p>II.1. Animal health attestation</p> <p>I, the undersigned, certify that the registered horse described above meets the following requirements:</p> <ul style="list-style-type: none"> (a) it comes from a country where the following diseases are compulsorily notifiable: African horse sickness, dourine (<i>Trypanosoma equiperdum</i>), glanders (<i>Burkholderia mallei</i>), equine encephalomyelitis (of all types including Venezuelan equine encephalomyelitis), equine infectious anaemia, vesicular stomatitis, rabies, anthrax; (b) it has been examined today and shows no clinical sign of disease⁽¹⁾; (c) it is not intended for slaughter under a national programme of infectious or contagious disease eradication; (d) it has not been outside the European Union for a continuous period of more than 30 days and was imported into the country⁽²⁾ of dispatch on⁽³⁾ either from a Member State of the European Union or from a third country appearing in the same group (see ANNEX I to Decision 93/195/EEC) and since its exit from the European Union it has never been in a third country other than those in the same group; it has been resident on holdings under veterinary supervision, accommodated in separated stables without coming into contact with equidae of lower health status except during racing, competition or cultural events; (e) it does not come from the territory or in case of official regionalisation according to European Union legislation from a part of the territory of a third country in which: <ul style="list-style-type: none"> (i) Venezuelan equine encephalomyelitis has occurred during the last two years; (ii) dourine has occurred during the last six months; (iii) glanders has occurred during the last six months; (f) it does not come from the territory or from a part of the territory of a third country considered, in accordance with European Union legislation, as infected with African horse sickness; (g) it does not come from a holding which was subject to prohibition for animal health reasons nor had contact with equidae from a holding which was subject to prohibition for animal health reasons: <ul style="list-style-type: none"> (i) during six months in the case of equine encephalomyelitis, beginning on the date on which the equidae suffering from the disease are slaughtered; (ii) in the case of equine infectious anaemia, until the date on which, the infected animals having been slaughtered, the remaining animals have shown a negative reaction to two Coggins tests carried out three months apart; (iii) during six months in the case of vesicular stomatitis; (iv) in the case of an uncastrated male horse, during six months in the case of equine viral arteritis; (v) during one month from the last recorded case, in the case of rabies; (vi) during 15 days from the last recorded case, in the case of anthrax. <p>If all the animals of species susceptible to the disease located on the holding have been slaughtered and the premises disinfected, the period of prohibition shall be 30 days, beginning on the day on which the animals were destroyed and the premises disinfected, except in the case of anthrax, where the period of prohibition is 15 days;</p> (h) to the best of my knowledge, it has not been in contact with equidae suffering from an infectious or contagious disease in the 15 days prior to this certification. <p>II.2. The horse will be sent in a vehicle cleansed and disinfected in advance with a disinfectant officially recognized in the country of dispatch and designed in a way droppings, litter or fodder cannot escape during transportation.</p> <p>II.3. The certificate is valid for 10 days. In the case of transport by ship the time is prolonged by the time of the voyage.</p> <p>The following declaration signed by the owner or representative is part of the certificate.</p> <p>Notes</p> <p>Part I:</p> <p>Box I.8.: Provide the Code of territory as appearing in Annex I to Commission Decision 2004/211/EC of 6 January 2004 establishing the list of third countries and parts of territory thereof from which Member States authorise imports of live equidae and semen, ova and embryos of the equine species, and amending Decisions 93/195/EEC and 94/63/EC (OJ L 73, 11.3.2004, p. 1).</p> <p>Box I.15.: Registration number (railway wagons or container and lorries), flight number (aircraft) or name (ship) and information is to be provided. In case of unloading and reloading, the consignor must inform the Border Inspection Post of entry into the European Union.</p> <p>Box I.23.: For containers or boxes, the container number and the seal number (if applicable) should be included.</p>		

COUNTRY

Re-entry of a registered horse
after temporary export of not more than 30 days
