Certification Statements:

I, the undersigned USDA Accredited Veterinarian, certify to the following statements:

1. The animals for export were visually examined prior to loading, showed no signs of any contagious diseases, and to the best of my knowledge were not exposed to infectious agents of diseases of concern.

2. There have been no occurrences of unexplained mortality events in the premises of origin of the animals for export during the 60 days prior to shipment.

3. There have been no cases of OIE-listed aquatic diseases in susceptible species from the population of animals for export during the 60 days prior to shipment, including *Bonamia ostreae*, *Bonamia exitiosa*, *Marteiliare fringens*, *Perkinsus marinus*, *Perkinsus olseni*, *Xenohaliotis californiensis*, and abalone herpesvirus.

4. If the shipment includes mollusc seed or small life stages, there have been no cases of OIE-listed aquatic diseases in the broodstock used for the production of the animals for export during the 60 days prior to shipment.

5. The broodstock used in the production of the animals for export have not experienced any unexplained morbidity or mortality events during the 60 days prior to shipment at the premises of origin.

6. The container/packaging in which the animals for export are transported is either new or has been cleaned and disinfected prior to use.
