

**January 2005**

**IMPORT HEALTH REQUIREMENTS OF PERU FOR DOGS  
AND CATS EXPORTED FROM THE UNITED STATES**

The animals must be accompanied by a health certificate issued, dated and signed by a licensed, USDA-accredited veterinarian and must be endorsed by USDA. The certificate must contain the name and address of the owner, and complete identification of the animal (name, breed, sex and age). In addition, the certificate must show:

1. The animal(s) (3 months or older) were vaccinated against rabies.
2. In the case of dogs, that they were vaccinated (according to age) against parvovirus, hepatitis, distemper and leptospirosis.
3. In the case of cats, a sworn declaration signed by the importer. Cats need to be vaccinated for: Calicivirus, Rhinotracheitis, and Infectious Panleucopenia. The sworn statement is the form that SENASA has the importer to fill out, with general information, upon arrival at the airport."

Other information:

1. The veterinarian's license number must appear on the health certificate.
2. The health certificate must be endorsed by the USDA.
