

REPUBLIC OF SINGAPORE

THE ANIMALS AND BIRDS ACT (CHAP.7)

**VETERINARY CONDITIONS FOR THE IMPORTATION OF
DOGS/CATS FOR COUNTRIES UNDER CATEGORY B (2/4)**

I COUNTRY/ PLACE OF EXPORT

Cayman Islands, Hong Kong, Italy, Japan, Norway, Portugal, Sweden, Switzerland, Taiwan, USA (Hawaii and Guam only)

II PURPOSE

Any purpose.

III IMPORT LICENCE

Each animal shall be accompanied by a valid import licence issued by the Agri-Food and Veterinary Authority (AVA) of Singapore.

IV VETERINARY CERTIFICATION

The animal shall be accompanied by:

- (a) a veterinary certificate (in accordance with the attached template) bearing a date not more than seven (7) days prior to export, signed by a *government approved veterinarian* of the country of export *and endorsed by an official government veterinarian of the country of export*, describing the age, breed, sex, colour, markings or other points of identification of dog/cat and certifying to the effect that:
- (i) the dog/cat had been continuously resident in the country of export, or any country listed under Part I of Category A and B of the Veterinary Conditions for the Importation of Dogs/Cats, for at least six (6) months prior to export, or since birth.
 - (ii) the dog/cat was examined by the government approved veterinarian and found to be healthy, free from any clinical sign of infectious or contagious disease and fit for travel at the time of export.
 - (iii) the dog/cat has been examined by the government approved veterinarian at the time of export and found to be implanted with a microchip that bears the identification code as that indicated in the veterinary health certificate and the vaccination certificate.
 - (iv) The dog/cat must have valid vaccination against rabies using an AVA-approved inactivated vaccine at least one (1) month prior to export. This refers to a valid primary vaccination and/or up to date booster(s) according to the vaccine manufacturers' recommendations. The dog/cat must have a blood sample taken and tested for acceptable rabies antibody levels at least one (1) month after vaccination. Following the date of sampling for serology, the dog/cat must maintain valid vaccination against rabies..
 - (v) in the case of a dog, the dog was vaccinated according to the vaccine manufacturer's recommendations and not less than two (2) weeks prior to export against Canine Distemper, Canine Hepatitis and Canine Parvoviral infection.
 - (vi) in the case of a cat, the cat was vaccinated according to the vaccine manufacturer's recommendations and not less than two (2) weeks prior to export against Cat Flu (Feline calicivirus and Feline viral rhinotracheitis, and *Chlamydomphila felis*) and Cat enteritis (ie Feline Panleukopaenia/ Feline parvovirus).
 - (vii) the dog/cat has been treated with a product effective against external parasites (fleas and ticks) between 2 and 10 days of export (*state active ingredient and date of treatment*), and with a product effective against internal parasites (nematodes and cestodes) within 4 days of export (*state active ingredient and date of treatment*).
- (b) the dog/cat's original vaccination certificate, which also bears the identification code of the microchip that has been implanted. The vaccination certificate also bears the details (name of veterinarian, name and address of veterinary practice) and endorsement of government-approved veterinarian who vaccinated the dog/cat and verified the microchip identification code.

V DECLARATION FROM MASTER/CAPTAIN OF SHIP/AIRCRAFT

The animal shall be accompanied by a signed declaration from the master/captain of the ship/aircraft in which the animal was carried stating:

- (a) that the dog/cat had been embarked or emplaned in one of the countries of export specified above.
- (b) that no dog or cat from any other country was permitted aboard or carried in the ship or aircraft during the time that the dog or cat to which the declaration refers was on board the ship or aircraft,

- (c) that the dog or cat had not been landed at any intermediate port outside the country of export. In the case of an aircraft, if the dog or cat was landed, the dog or cat had been conveyed in a crate and remained within the precincts of the airport at which the aircraft landed (Prior permission from AVA is required should there be a change of aircraft carrying the animal).

VI QUARANTINE

No quarantine if all the veterinary regulations are complied with and the animals are clinically healthy on arrival.

VII APPLICATION FOR IMPORT LICENCE

The owner or his agent must apply for the import licence by submitting an online application through AVA's website (www.ava.gov.sg>Services>Animal&Pet Sector>Licence to Import/Export/Transship of Animals/Birds/Eggs/Biologics) 30 days prior to the arrival of animals.

VIII NOTIFICATION OF ARRIVAL

The owner or his agent shall contact the Quarantine Office as stated in the Import Licence at least five (5) working days before the arrival of the animal.

IX VETERINARY INSPECTION

On arrival at the port of disembarkation in Singapore, the dog/cat and documents (Import Licence, Veterinary Health Certificate, Captain's Declaration) shall be presented to and examined by an authorised Veterinary Officer. If the animal is found to be healthy and documents are in order, the animal shall be released to the owner or his agent.

X PENALTY

- (i) If the animal does not meet the residency requirements upon arrival, the animal shall be quarantined at the Sembawang Animal Quarantine Station to make up for shortfall in duration mandated by the residency requirement.
- (ii) If the animal does not meet the pre-export vaccination requirement, the animal shall be vaccinated upon arrival and be subjected to serology tests for acceptable rabies antibody levels one (1) month after vaccination. The animal shall be quarantined at the Sembawang Animal Quarantine Station until the serology test results are available.
- (iii) If the animal does not meet the requirement of pre-export serology tests for acceptable rabies antibody levels, the animal would be subjected to serology tests upon arrival and shall be quarantined at the Sembawang Animal Quarantine Station until the serology test results are available.
- (iv) If any animal is not healthy or if any document is not in order, or quarantine space is unavailable, the animal shall be returned to the country of export, **detained for up to two weeks** for observation or destroyed at the discretion of the Director-General of Agri-Food and Veterinary Services.

XI FEES

- (i) Import Licence }
- (ii) Veterinary inspection and processing of documents outside office hours }
- (iii) Accommodation fee at Changi Animal & Plant Quarantine Unit } see Fee Schedule:
- (iv) Rabies Vaccination } Attachment-1
- (v) Transport charges to Sembawang Animal Quarantine Station }
- (vi) Quarantine fee at Sembawang Animal Quarantine Station }

XII OTHER REQUIREMENTS/INFORMATION

- (i) Owners should take into account the age and condition of their animals as well as travel and climatic stress when deciding to export their dogs/cats to Singapore.

BREED RESTRICTIONS

- (ii) The following breeds of dogs and their crosses are not allowed to be imported into Singapore - Pit Bull (which includes the American Pit Bull Terrier also known as the American Pit Bull and Pit Bull Terrier, American Staffordshire Terrier, Staffordshire Bull Terrier, the American Bulldog, and crosses between them and with other breeds) Neapolitan Mastiff, Tosa, Akita, Dogo Argentino, Boerboel, Fila Brasileiro, Perro de Presa Canario and their crosses.
- (iii) Bengal cat crosses imported into Singapore require documentary proof that they are at least a 5th generation cross from the ancestral stock of *Prionailurus bengalensis*. 4th generation crosses and below cannot be imported to Singapore as pets as they come under CITES regulations.
- (iv) Cats are not allowed to be kept in Housing Development Board (HDB) residential units.

MICROCHIP

- (v) The microchip that is implanted into the dog must meet with ISO (International Standards Organisation) Standard 11784 or Annex A to ISO Standard 11785. If the dog is implanted with a microchip which does not comply with these stated ISO Standards, the owner of the dog or his authorised agent must provide a reader which is able to read the identification code of the implanted microchip at the point of entry into Singapore.

TRANSPORTATION

- (vi) Owners must ensure that the animal has been transported in escape-proof containers conforming to the latest International Air Transport Association's (IATA) Live Animal Regulations (if transport is by air).
- (vii) Owners should ensure to the best of their ability that the animal is not pregnant at the time of export. Should the animal whelp in quarantine, the owner must ensure that adequate quarantine facilities and

A-6 /151110

veterinary care are available for the well-being of the newborn animals. The owner must bear any additional costs as a result of such an event.

OTHER LICENCES

- (viii) Owners of any dog above 3 months of age must apply for a licence to keep the dog in Singapore. See Fee Schedule: Attachment-1.
- (ix) Owners should be aware of the conditions of licence for dogs available through AVA's website (www.ava.gov.sg>Services>Animals&Pet Sector>Dog Licence), which is not limited to but includes the following requirements:
- A maximum of 3 dogs may be kept in private premises.
 - Only one (1) dog of an approved breed is allowed in a HDB residential unit.
 - The following breeds of dogs must comply with additional conditions listed below - Bull Terrier, Doberman Pinscher, Rottweiler, German Shepherd Dog with its related breeds such as the Belgian Shepherd Dog and the East European Shepherd Dog, Mastiffs including the Bull Mastiff, Cane Corso and Dogue De Bordeaux, and crosses between any of the above breeds and other breeds:
 - a. Only one (1) dog from the above breeds is permitted to be kept in a premise.
 - b. The dog must be leashed and securely muzzled when in a public place.
 - c. Owners must take up an insurance policy for at least \$100,000 and a banker's guarantee for \$2,000.
- (x) A licence must be obtained from AVA to use any place for exhibition, sale or export of any animal or bird.

OTHERS

- (xi) Any expenditure incurred in the process of importation shall be borne by the owner or agent. Any loss occasioned during the removal, handling or treatment of an imported dog/cat under the directions of AVA or occurring during the period of detention in quarantine, shall be borne by the owner or agent.
- (xii) Regulations and fees are subject to change without notice notwithstanding the issuance of a licence by AVA.

15 NOV 2010

VETERINARY CERTIFICATE FOR THE IMPORT OF DOGS AND CATS INTO SINGAPORE

For Category B countries: Cayman Islands, Hong Kong, Italy, Japan, Norway, Portugal, Sweden, Switzerland, Taiwan, USA (Guam and Hawaii only)

AVA Import Licence No.: _____ Veterinary Certificate No. (if applicable): _____

N.B. A valid AVA Import Licence to import the dog/cat must be obtained before shipment.

SECTION I IDENTIFICATION OF THE DOG/CAT

Species: _____

Breed: _____

Name of animal: _____

Sex (please circle): Male Neutered Male Female Neutered female

Age or Date of Birth: _____ (animal must be at least 12 weeks of age at the time of export)

Colour: _____

[N.B. The following breeds and their crosses are prohibited for import: Pit Bull (including the American Pit Bull Terrier also known as the American Pit Bull and Pit Bull Terrier, American Staffordshire Terrier, Staffordshire Bull Terrier, the American Bulldog, and crosses between them and other breeds), Neopolitan Mastiff, Tosa, Akita, Dogo Argentino, Boerboel, Fila Brasileiro, Perro de Presa Canario and their crosses.]

Microchip Number: _____

The animal has been scanned on _____ (day/month/year) prior to export and found to be implanted with a microchip bearing the above microchip number, which is also reflected on the animal's vaccination certificate.

SECTION II ORIGIN OF THE DOG/CAT (indicate the option that applies)

After due enquiry I am satisfied that the dog/cat (delete as appropriate) identified in this certificate has been continuously resident in the country of export:-

(a) since birth, or

continuously resident in the country of export or in other countries listed in Category A or Category B:-

(b) since being imported directly from Singapore on _____ (day/month/year), or

(c) for a minimum period of 6 months prior to export, and is not under quarantine restriction at the time of export.

SECTION III SANITARY INFORMATION

I, _____ (Name in BLOCK LETTERS), the undersigned veterinarian, being a Government approved veterinarian / Official government veterinarian (delete as appropriate) of _____ (the country of export), certify in respect of the dog/cat (delete as appropriate) described above that:

General Vaccinations (strike out whichever does not apply)

The dog was vaccinated against Canine Distemper, Canine Infectious Hepatitis, Canine Parvovirus according to the vaccine manufacturer’s recommendations and at least 14 days prior to export.

Date of vaccinations:

Canine distemper: _____ (day/month/year)

Canine infectious hepatitis: _____ (day/month/year)

Canine parvovirus: _____ (day/month/year)

The cat was vaccinated against Feline Calicivirus, Feline Rhinotracheitis Virus, Feline Panleukopenia Virus, *Chlamydophila felis*, according to the vaccine manufacturer’s recommendations and at least 14 days prior to export.

Date of vaccinations:

Feline Calicivirus: _____ (day/month/year)

Feline Rhinotracheitis Virus: _____ (day/month/year)

Feline Panleukopenia Virus: _____ (day/month/year)

Chlamydophila felis: _____ (day/month/year)

Rabies Vaccinations and Serological Testing

The dog/cat was vaccinated against rabies using an AVA-approved inactivated vaccine at least 1 month prior to export. The vaccination must be a valid primary vaccination or a valid booster vaccination according to the vaccine manufacturer’s recommendations.

Date of rabies vaccination: _____ (day/month/year).

At least 1 month (30 days) following the date of this vaccination, a blood sample was taken from the dog/cat and tested with an OIE-prescribed test¹ showing a rabies neutralising antibody titre equal to or greater than 0.5 IU/ml. A valid test report must accompany this certification.

Date of blood sampling: _____ (day/month/year)

Rabies neutralising antibody titre: _____ IU/ml

Thereafter, the dog/cat has maintained up-to-date vaccination against rabies, according to manufacturer’s recommendations. N.B. The test report is only deemed valid if up-to-date vaccination against rabies is maintained.

Dates of rabies vaccinations following the date of blood sampling for the rabies neutralizing antibody test (if applicable):

- 1. _____ (day/month/year) 2. _____ (day/month/year)
- 3. _____ (day/month/year) 4. _____ (day/month/year)
- 5. _____ (day/month/year) 6. _____ (day/month/year)

Dog/cat imported under this protocol and fulfilling the above does not require quarantine upon import.

¹ Currently, OIE-prescribed tests for international trade for rabies include the Fluorescent Antibody Virus Neutralising (FAVN) Test, the Rapid Fluorescent Focus Inhibition Test (RFFIT), and the Enzyme-linked Immunoassay (ELISA).

External Parasite Treatment

The dog/cat was treated with a product effective against external parasites (fleas and ticks) between 2 and 10 days of export.

Date of treatment: _____ (day/month/year)

Name of product: _____

Active ingredient: _____

Internal Parasite Treatment

The dog/cat was treated with a product effective against internal parasites (nematodes and cestodes) within 4 days of export.

Date of treatment: _____ (day/month/year)

Name of product: _____

Active ingredient: _____

Pregnancy (for females)

After due enquiry I am satisfied that the animal is not pregnant at the time of export.

Prohibited breeds

After due enquiry I am satisfied that the animal is not one of the prohibited breeds or crosses as listed in Section I.

Clinical examination

Within 7 days of export I have examined the dog/cat and found it to be healthy, free from any clinical sign of infectious or contagious disease and fit for travel at the time of export.

Endorsement

Sections I to III may be endorsed by a government-approved veterinarian or an official government veterinarian.

Signature: _____ Date: _____ (day/month/year)

Name of government-approved veterinarian or an official government veterinarian (delete as appropriate):

Address, telephone, fax, email of practice: _____

SECTION IV (must be endorsed by official government veterinarian)

I, _____ (Name in BLOCK LETTERS), the undersigned veterinarian, being an Official government veterinarian of _____ (the country of export), certify in respect of the dog/cat (delete as appropriate) described above that:

After due enquiry and examination of documents, the dog/cat had not been imported into the country (other than from countries listed in Category A or B, or directly from Singapore) during the six (6) months preceding the date of certification below.

I have no reason to doubt the truthfulness of the information given in Sections I to III and am satisfied to the best of my ability that the dog/cat certified above meets with the requirements for importation into Singapore.

CERTIFICATION VALIDITY: This certification is valid for seven (7) days.

Signature: _____ Date: _____ (day/month/year)

Name of official government veterinarian: _____

Address, telephone, fax, email contact:

Official Stamp:

***DECLARATION BY CAPTAIN /AUTHORISED AIRLINE STAFF OF AIRCRAFT
CARRYING LIVE DOGS/CATS FOR IMPORT INTO SINGAPORE**

FOR THE IMPORTATION OF DOGS/CATS FOR COUNTRIES UNDER
CATEGORY A – AUSTRALIA, NEW ZEALAND, REPUBLIC OF IRELAND AND UNITED KINGDOM AND
CATEGORY B – CAYMAN ISLANDS, HONG KONG, ITALY, JAPAN, NORWAY, PORTUGAL, SWEDEN,
SWITZERLAND, TAIWAN, USA (HAWAII AND GUAM ONLY)

Section A (For dog(s)/cat(s) travelling from exporting country/place by direct and non-stop flight to Singapore)

I, _____ (Name), Captain / Authorised Airline Staff of _____ (Flight No.), do hereby declare that the aircraft travelled directly from _____ (Exporting Country / Airport) to Singapore, on _____ (dd/mm/yy). To the best of my knowledge, I also declare that the dog or cat was loaded in the exporting country / place and transported to Singapore without any stop-over. The dog or cat remained in tamper-proof sealed cages and do not have any direct contact with any other animals throughout their journey.

Name of Declarant: Signature: Rank: Date & Time:	Insert Official Stamp here:
---	-----------------------------

Section B (For dog(s)/cat(s) travelling from exporting country/place with stop-over(s) enroute to Singapore)

Part I

I, _____ (Name), Captain / Authorised Airline Staff of _____ (Flight No.), do hereby declare that the aircraft travelled from (Exporting Country / Airport) to Singapore via _____ (Port & Country / Airport) on _____ (Flight No.) on _____ (dd/mm/yy). To the best of my knowledge, I also declare that the dog or cat remained in tamper-proof sealed cages and had not been in contact with any other animal at any time enroute.

Name of Declarant: Signature: Rank: Date & Time:	Insert Official Stamp here:
---	-----------------------------

Part II (For the completion by the second captain/authorised airline staff if there is a change of captain/aircraft)

I, _____ (Name), Captain / Authorised Airline Staff of _____ (Flight No.), do hereby declare that the aircraft travelled from (Exporting Country / Airport) to Singapore via _____ (Port & Country / Airport) on _____ (Flight No.) on _____ (dd/mm/yy). To the best of my knowledge, I also declare that the dog or cat remained in tamper-proof sealed cages and had not been in contact with any other animal at any time enroute.

Name of Declarant: Signature: Rank: Date & Time:	Insert Official Stamp here:
---	-----------------------------

N.B. In the event that an animal escapes from its cage during flight and/or transit, the airlines must inform AVA immediately on arrival. All dogs/cats destined for Singapore involved in such incidents may be subject to quarantine by AVA.

* New template (22 Feb 2010)

Declaration by Airport/Airline staff

(This is to be completed only if the seal of the pet carrier is broken during the flight journey)

This is to certify that, _____ (name) of _____ (NRIC/Passport No.), presented his/her cat/dog in a tamper-proof sealed pet carrier prior to going through airport security at _____ (name of port/country) and that the seal was broken in my presence.

I certify that a new tamper-proof seal, _____ (seal number), was put in place after passing through airport security, also in my presence.

I further certify that the cat/dog was only removed from the carrier for the duration of the security check and during this process, did not come in contact with any other animal(s).

Name _____ Position _____

Signature _____ Location _____

Date _____

N.B. In the event that an animal escapes from its cage during flight and/or transit, AVA must be informed immediately on arrival. All dogs/cats destined for Singapore involved in such incidents may be subject to quarantine by AVA. All dogs/cats that are not presented in a cage with an intact seal or accompanied by an incomplete or falsely completed form may also be subject to quarantine by AVA.

Clearing your pets upon their arrival in Singapore

❖ Confirmation of import

The owner/agent must notify Changi Animal and Plant Quarantine (CAPQ) of the confirmed flight details, owner's details and import licence number at least five (5) working days before arrival.

If your pet is imported as manifested cargo

- Upon arrival at the Changi Airfreight Centre, owners shall obtain a visitor pass from the Police Post located at the entrance of Airline Road. Owner's identity card or passport will be held until the owner leaves the Airfreight Centre.
- Owners may proceed to SATS / CIAS respective airline cargo office that flew in their pet(s) once they have obtained the visitor pass.
- At SATS / CIAS, owners are to produce the original import licence and collect all documents that came along with their pet(s). These include the animals' health certificate, vaccination records, serology test result, airway bills and Captain's declaration where applicable.
- The airline representative will direct the owner to the location of SATS / CIAS cargo section to claim their pet(s).
- At the time of collection, the airline representative shall hand to the owner the leaflet from AVA to remind him to go to CAPQ with his pet(s) and its documents from SATS / CIAS for veterinary inspection.

Directions to CAPQ from SIAS / CIAS

- Once the owners have collected their pet(s) they will leave SATS building/CIAS and drive along Airport Cargo Road until they reach a "U-turn" junction where they shall make a "U-turn". After passing the bus stop stand on the left, locate gate C7 with green fencing and AVA logo.

If your pet is imported as accompanied/excess baggage

- The owner/agent is not allowed to take the pet out through Customs at the arrival hall of the Passenger Terminal.
- Upon arrival at the Passenger Terminal, the owner/agent must contact Lost & Found counter at the arrival hall. The officer at the Lost & Found counter will hold the pet and transfer it to CAPQ.
- The owner/agent must go to CAPQ at the airfreight centre to clear the pet and submit the animals' health certificate, vaccination records, serology test result and original import licence.

❖ Veterinary Inspection/Verification of Documents

- AVA officer will check the validity of the AVA import licence, the animal's health certificate, vaccination records, serology test result and Captain's declaration if applicable. The officer will also scan the animal (required for dogs and cats from all countries) for any microchip implanted, and observe if the pet(s) is/are healthy.
- AVA officer will advise owners to proceed to the Goods and Services Tax (GST) counter for GST payment. AVA import licence with "Inspected and Passed" or "Provisional Only" stamp is given to owner/agent to make GST declaration at the Singapore Custom GST Counter.
- For pet(s) that require quarantine upon arrival in Singapore, the pet(s) will be detained at CAPQ after inspection and an AVA-appointed transport service will be arranged to send the animals to the quarantine station.

❖ Before leaving the Changi Airfreight Centre

- Owner/agent must declare the value of the pet(s) with the import licence issued by AVA at the Singapore Custom GST Counter. Owner/agent is advised to go through "Red Lane" to make GST declaration.
- The Singapore Custom officer will stamp the waiver of GST or collect GST if any, on AVA's import licence only if the AVA's "Passed and Inspected" or "Provisional Only" stamp was endorsed/stamped. AVA import licence issued for dogs and cats from countries other than Australia, New Zealand, United Kingdom and the Republic of Ireland must be kept by the Immigration & Checkpoint Authority (ICA) officer for collection by AVA's officer the next working day.
- The Singapore Custom officer will advise the owners to go back to CAPQ if the "Passed and Inspected" stamp cannot be found on the import licence.
- Subsequently, the owner/agent can proceed to the ICA for clearance situated near the exit of Airline Road.
- After clearing with AVA, Singapore Custom and ICA, owners can proceed to the Police Post to claim their identity card or passport.

❖ Out of office hours inspections and charges

- Animals can only be cleared during CAPQ's operational hours. There are no inspection charges for inspections done during CAPQ's operational hours. However, should there be an urgent need for an after hours inspection, please contact CAPQ at least 5 days before arrival to arrange for the inspection. An out of office inspection charge of S\$133.00 per hour or part thereof would be incurred.
- An invoice for the inspection charge will be sent to your home address, as declared to us in your import permit, and payment may be made by credit card online via e-Services on the AVA website, by cheque crossed and made payable to "Agri-Food and Veterinary Authority of Singapore" or "AVA" and mailed to AVA, or by cheque, NETS or cashcard at AVA Headquarters, 5 Maxwell Road, #02-03, Tower Block, MND Complex, Singapore 069110.
- Please note that payment for the inspection in any form will not be accepted at CAPQ.

CAPQ Operation hours:

Mondays – Saturdays 8.00 am to 10.30 pm
Lunch Time 1.00 pm to 2.00 pm
Closed on Sundays and Public Holidays
