.....

B. HEALTH ATTESTATION

I, the undersigned USDA Accredited Veterinarian, certify that the animals described in Section A:

1. Originate from premises where there have been no outbreaks of contagious disease to which the animals are susceptible.
2. Were clinically examined and found to be healthy and free of external parasites. The reptiles were treated with a topical ectoparasitic drug that is registered in the United States of America for treatment against mites.
3. Were shipped in insect proof containers which conform to IATA regulations and which were either new or suitably disinfected and fumigated before loading, to my satisfaction.
