

## **Heat-Treated Milk Products Intended for Human Consumption**

[The Agricultural Marketing Service (AMS) endorses both the animal health and public health parts of the EU Certificates for dairy products for import for human consumption for all countries except Belgium.]

### **Special requirements for shipments to Belgium:**

Both AMS and VS endorsement is required for certificates for shipments of dairy products (intended for human consumption) to Belgium. When exporting to Belgium, the exporter should first take the certificate to AMS for endorsement, and then take the certificate to Veterinary Services (VS) for endorsement. The certificate is not transferred to VS Security Paper. VS countersigns and dates the certificate below the AMS signature, and makes a photocopy of the final version for VS records. Standard user fees apply for the VS countersignature. **VS may only endorse the certificate after AMS endorsement.**

**Model Milk-HTB**

**Health Certificate for dairy products derived from milk of cows, ewes, goats and buffaloes for human consumption from third countries or parts thereof authorised in column B of Annex I to Regulation (EU) No 605/2010 intended for importation into the European Union**
