

Important Information Regarding Known Trade Bans on Various Products

I. Avian Influenza Bans

No known avian influenza related bans at this time.

II. New Castle Disease Bans

On January 17, 2019, Belarus published a decree announcing a prohibition on the import of the following products **from California**:

- All types of poultry products and products of its processing;
- Down and feather;
- Feed and feed additives of animal origin (except for feed additives for cats and dogs, as well as prepared feeds for cats and dogs that were heat-treated), including from poultry.
