

Guidance Export of Pet Food and Pet Chews to Croatia

Only pet food meeting the requirements of Regulation (EC) 142/2011 may be exported to Croatia from the United States after 29 November 2011.

Manufacturers must be approved by APHIS as meeting the requirements of Regulation (EC) 142/2011 before certificates for pet food or pet chews being exported to Croatia may be endorsed.

For more information on obtaining the required Regulation (EC) 142/2011 approval, or endorsement of certificates for pet food or pet chews to Croatia, please contact the APHIS-VS Area Office in the State where the product is being manufactured and the State where the certificates will be submitted for endorsement, respectively.

The certificates posted on the on International Animal Product Export Regulations, Animal Products to Croatia website, are the only certificates that may be endorsed by APHIS for the export of pet food or pet chews to Croatia.

Note: No additional certifications should be included.
